Heart rate monitor	Yes

Bluetooth Low Energy (BLE)	Yes
Product colour	Black
Quality of sleep	Yes
Band material	Thermoplastic polyurethane (TPU)
Strap colour	Black
Product weight	16.5 g

Full product description

Xiaomi Smart Band 9 Active - Your Reliable Fitness Partner

Meet **the Xiaomi Smart Band 9 Active**, a state-of-the-art **smart sports band** that will help you track your physical activity and health. With advanced features such as heart rate monitoring, stress levels and sleep quality, you can take better care of your well-being every day. A reliable **battery with up to 18 days** on a single charge and water resistance up to **5 ATM** make this wristband the perfect companion for your daily challenges.

Clear screen and smooth operation

The Xiaomi Smart Band 9 Active features a large **1.47-inch TFT display** with a resolution of **172 x 320 pixels** that provides a clear image in any situation. With a **refresh rate of 60 Hz**, navigating menus and using functions is smooth and intuitive. In addition, more than **100 watch faces** allow you to fully personalize the screen according to your style.

Comprehensive monitoring functions

The wristband allows you to **track your heart rate, stress levels and sleep quality**, including phases such as **light and deep sleep**. The **SpO₂** measurement function allows you to monitor blood oxygenation levels in real time, which is especially useful during intense workouts. Physical **activity monitoring** also includes **50 sports modes**, such as cycling and swimming, helping you achieve new goals.

Waterproofing and durability

With a waterproof rating of **5 ATM**, the armband will perform well in the rain, swimming or even swimming at depths of up to **50 meters**. The sturdy design and strap made of durable **TPU** material guarantee durability and all-day wearing comfort. **Xiaomi Smart Band 9 Active** is an ideal choice for active people who need reliable equipment.

Reliable battery and fast charging

The **300 mAh battery** provides **up to 18 days of battery life** with typical use, so you don't have to worry about frequent charging. The **magnetic charging system** allows you to quickly replenish power in less than 120 minutes. This reliable **wristband** means you can focus on your activities rather than constantly charging your device.
