Full product description

Xiaomi Smart Band 9 is your personal fitness center that you can wear on your wrist.

With modern features such as heart rate monitoring, GPS, and sleep quality measurement, this [smart](#) sports [band](#) becomes an indispensable tool for anyone who cares about health and physical activity. With an ultra-bright **AMOLED display** and a long battery life on a single charge, the Smart Band 9 is an excellent choice for those who want high quality and reliability.

Xiaomi Smart Band 9

Twój Styl, Twoje Tempo

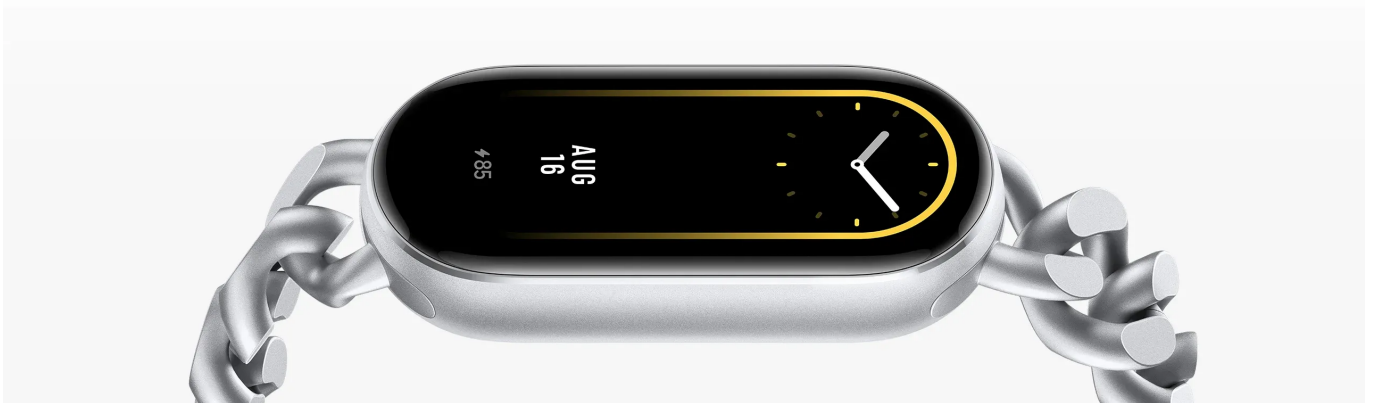

Advanced health and activity monitoring

The Xiaomi Smart Band 9 offers a wide range of features to monitor your health and physical activity. The built-in **PPG sensor** allows you to accurately track your heart rate around the clock, allowing you to monitor your health in real time. In addition, features such as **an accelerometer and gyroscope** help you record various activities, from running to swimming, so you have a complete picture of your fitness.

Extremely bright AMOLED display

The 1.62-inch AMOLED display used on the Smart Band 9 provides **excellent readability even in bright sunlight**, thanks to a brightness of up to 1,200 nits. The screen is not only bright, but also energy-efficient, which, combined with a 233 mAh battery, provides up to 21 days of use on a single charge. This allows you to enjoy the full capabilities of the wristband without the need for frequent charging.

5 ATM water resistance and rugged construction

The Xiaomi Smart Band 9 **is water resistant up to 5 ATM**, which means you can use it during swimming or other water activities without worry. The durable design and high-quality materials make the band resistant to damage and scratches, and the strap is made of TPU for comfortable all-day wear. It is an excellent choice for active people who need reliable equipment.

Key features of Xiaomi Smart Band 9

- **AMOLED display** of 1.62 inches, brightness up to 1200 nits.
- **Water resistance of 5 ATM** - suitable for swimming and water activities.
- **Long battery life** - up to 21 days on a single charge (233 mAh).
- **Advanced sensors** - accelerometer, gyroscope, optical heart rate sensor (PPG), ambient light sensor.
- **Bluetooth 5.4 connectivity** - stable connection to your smartphone.
- **Compatible** with Android 8.0 / iOS 12.0 or later devices.
- **Lightweight and comfortable design** - weight 15.8 g (without the strap).
- **Health and activity monitoring** - features such as heart rate tracking, sleep monitoring, calorie counter, GPS.
- **Magnetic charging** - fast and convenient charging in about 1 hour.
- **Management via the Mi Fitness app** - access to the full range of functions and settings of the wristband.
