Type	Cooking blender

Full product description

Xiaomi Smart Blender

The **Xiaomi Smart Blender** gives you the ability to easily prepare delicious treats such as refreshing smoothies, fresh juices and tasty soups. Blend hot or cold drinks as you like - prepare up to 1,200 ml of hot or 1,600 ml of cold drinks in one go.

OLED dial

Xiaomi Smart Blender has an OLED dial for increasing or decreasing speed for efficient blending, also acts as a display. The "Schedule" and "Cancel" touch buttons save you the trouble. In manual mode, you can choose from 9 speed settings to suit your blending needs.

Intelligent control via app

Connect to the **Mi Home/Xiaomi Home** app to schedule or start blending remotely, or upload recipes from the cloud and unlock a world of nutritious and delicious treats. Cook freely, for great taste without interruption.

High-powered motor with variable frequency

The **high-powered motor** provides extra torque to thoroughly blend and release the nutrients and flavor of ingredients for delicious and delicate flavor. The **variable-frequency motor** is equipped with a Hall sensor to monitor the speed in real time, and the power can be automatically adjusted according to the load to prevent slowing down under heavy load and ensure reliable blending.

Stainless steel blades

The blender features thick, sharp, serrated stainless steel blades for multi-angle chopping to easily blend even the toughest ingredients.

High borosilicate glass jar

The heavy-duty 1600ml jar will withstand rapid cooling and heating without cracking. The jar is designed with four ribbed baffles that break the vortex that forms during use and ensure thorough mixing of ingredients.

Plan up to 12 hours in advance

To prepare mild morning soy milk before bedtime: add soybeans as desired, then add water and other ingredients and plan a start time. Fresh soy milk will be waiting for you when you wake up. It automatically maintains the temperature of hot drinks, so your nutritious and delicious treats are always at hand.
