Price: **229.00 zł** gross / 186.18 zł net

Manufacturer: XIAOMI

Referention number: DNXGGJQNERMMJM

Product features

Height	115 mm
Video streaming	Yes
Connectivity technology	Wireless
Maximum resolution	2304 pixels
Security algorithms	128-bit AES
Field of view (FOV) angle	110 °
Mounting kit	Yes
Live view	Yes
Cables included	USB
DC output voltage	5
DC output current	2 A
Number of cameras	1
Smartphone/tablet remote support	Yes
Number of lenses	6
IFU / User manual	Yes
DC-in jack	Yes
Operating temperature (T-T)	-10 - 50 °C
PTZ control	Yes
Pan range	0 °
Card reader integrated	Yes
Built-in microphone	Yes
Web-based management	Yes

Total megapixels	3 MP
Video formats supported	H.265
Maximum memory card size	32 GB
Video recording	Yes
Compatible memory cards	MicroSD (TransFlash)
Remote viewing	Yes
Wi-Fi standards	802.11b
Wi-Fi	Yes
Bluetooth	No
Ethernet LAN	No
Built-in speaker(s)	Yes
Mobile operating systems supported	Android 10
Built-in HDD	No
Power source type	DC
Camera tilt control	Yes
Camera pan control	Yes
Tilt angle range	0 °
Product colour	White
Mounting hardware type	Ceiling/Wall/Desk
Virtual assistant	Amazon Alexa & Google Assistant
Type	IP security camera
Diameter	78 mm
Designation	Indoor
Product weight	310 g

Full product description

Fully enhanced image quality with 2K resolution

The **Xiaomi C300 smart camera** uses **ultra-clear HD** technology to capture much more detail. Enjoy an enhanced visual experience with completely improved **2K ultra-clear HD** technology. Zoom in on objects and capture clearer details and colors with **2304*1296 resolution**. The large aperture ensures adequate light input to capture detailed images. The dual motor head allows the camera to rotate and capture **360° horizontally and 108° vertically**.

1080p

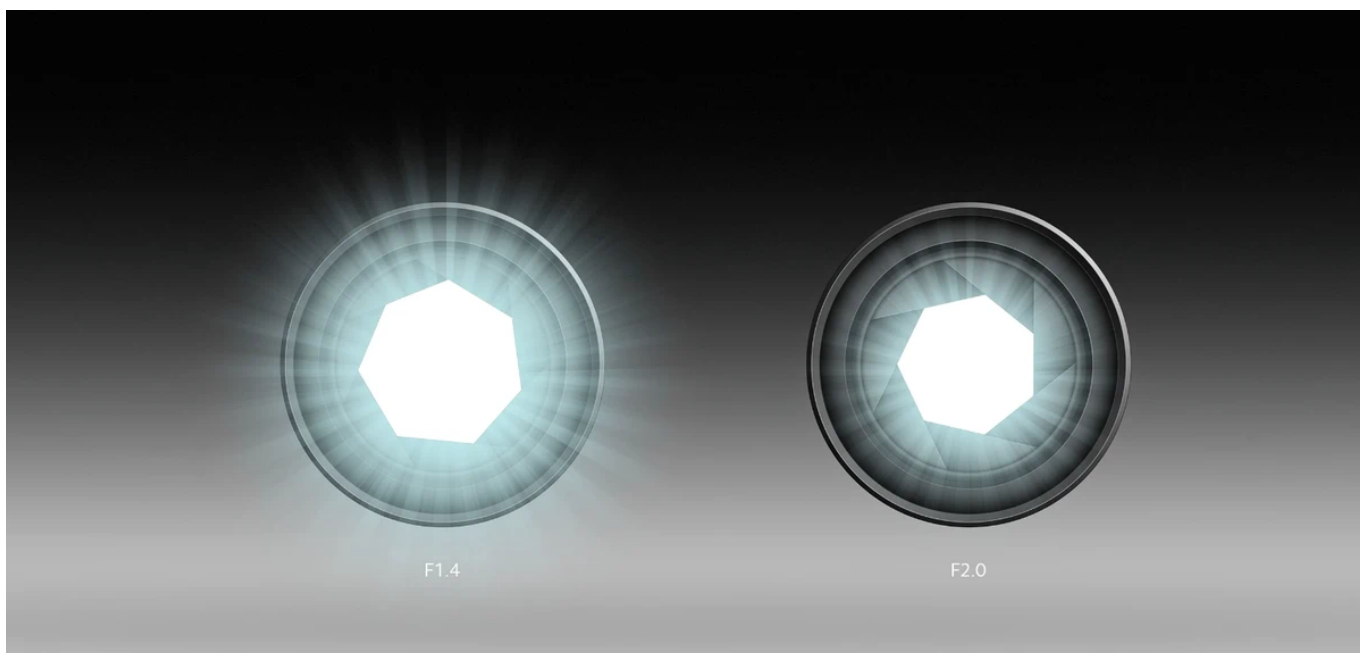

1296p

Key features of the Xiaomi C300 camera

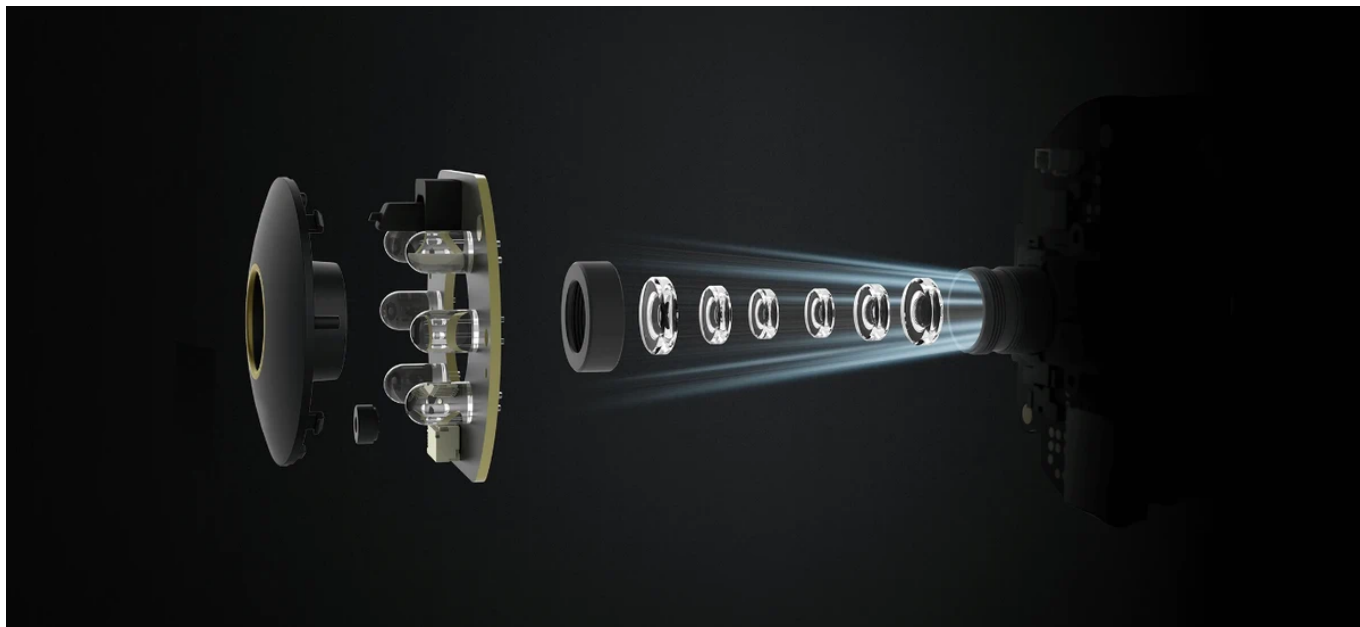

Large F1.4 aperture provides clear images even in low light conditions

The Xiaomi C300 camera lens with a large **F1.4 aperture** lets in much more light, capturing detailed images even in low-light conditions.

Improved 6-element lens for higher display quality

The fully upgraded lens of the Xiaomi C300 camera effectively reduces refraction, providing clearer and more detailed images.

Clear images even in low light conditions

The 940 nm infrared LEDs provide better nighttime visibility without any interference. Enjoy full color images even in low light conditions.

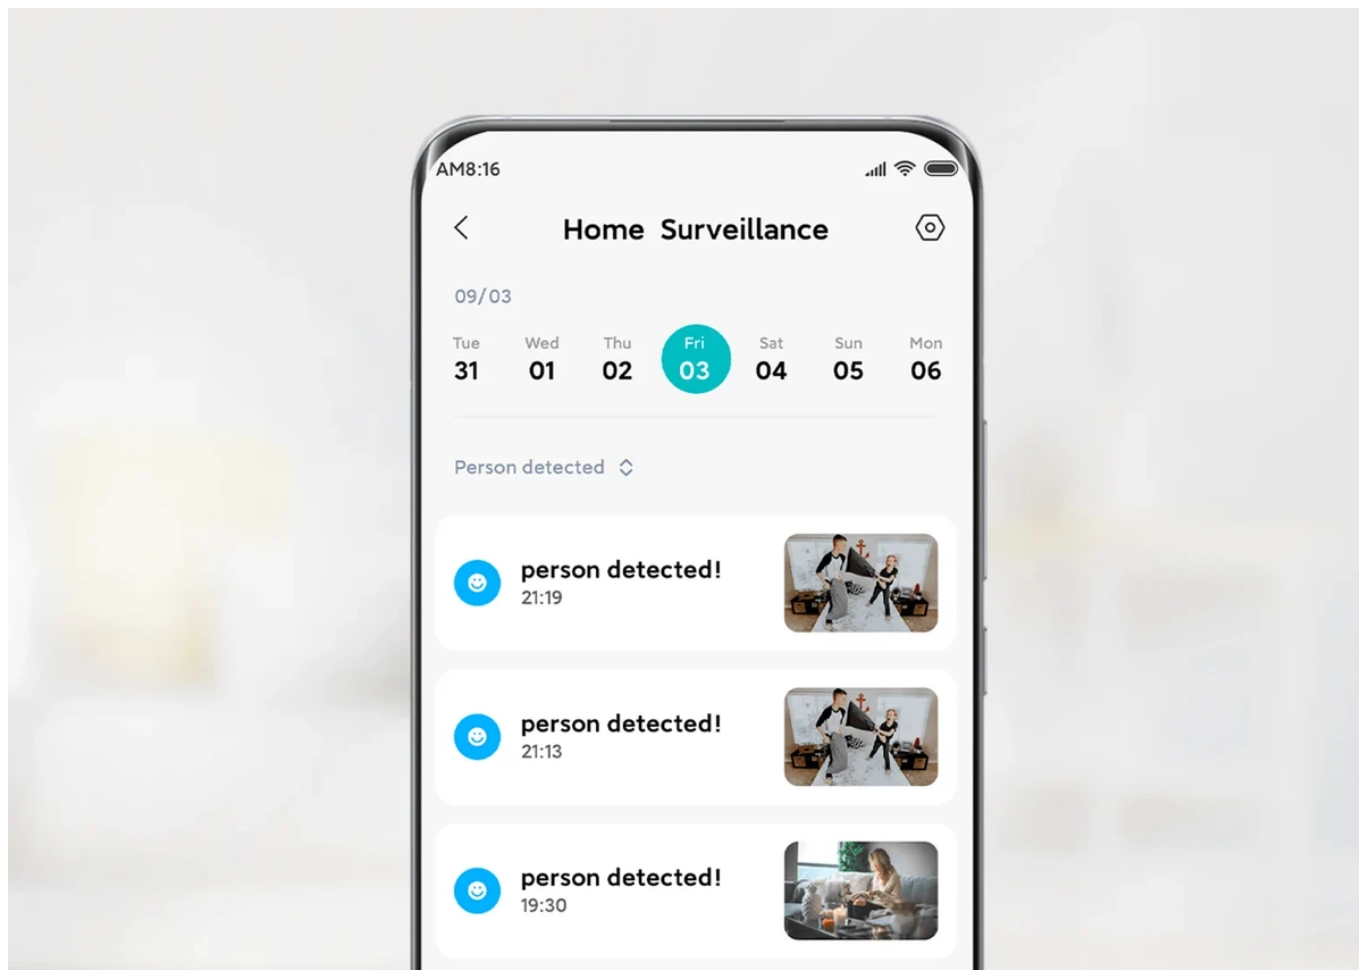

View the video output from the camera on your device

Just ask your smart clock [Mi Smart Clock](#), to display the video output from the camera in real time.

Human detection by artificial intelligence effectively filters out false alarms

Through a combination of deep learning and algorithm and network optimization, **artificial intelligence effectively filters out false alarms** to improve accuracy.

Panoramic 360° view with pan, tilt and zoom for comprehensive monitoring without blind spots

The **Xiaomi C300 camera** is equipped with a two-axis **pan, tilt and zoom** motor, with a 360° horizontal and 108° vertical viewing angle.

Real-time two-way voice calls so you can "visit home" whenever you want

The **Xiaomi C300 camera** supports real-time **two-way voice calls** that resemble a face-to-face conversation, so you can talk to your loved ones no matter where you are.

Supports standard and inverted mounting, with 180° image rotation capability

The kit includes screw-in base accessories for easy installation. For inverted mounting, rotate the screen in the camera settings to display the image normally.

Fully encrypted to protect your privacy

The Xiaomi C300 provides secure cloud video storage using **128-bit Advanced Encryption Standard (AES)**, and all data transmission is encrypted. Sleep mode provides safer privacy protection.
