Power	1800 W

Full product description

Xiaomi Smart Kettle 2 Pro - Intelligence and convenience in your kitchen

Xiaomi Smart Kettle 2 Pro is an **intelligent electric kettle** that will bring a new level of quality to your kitchen. The efficient **1800W power** allows water to boil quickly, and the **1.7L capacity** means you can prepare hot water for the whole family in one go. Thanks to the built-in Wi-Fi, you can control the kettle from your phone, making it not only practical but also a modern element of your home.

Xiaomi - Stylish design and stainless steel quality

The Xiaomi kettle is made of high-quality **304 stainless steel**, which guarantees durability and resistance to rust. The inside of the kettle is completely safe for health, which means you can store hot water without worry. The Xiaomi Electric Kettle 2 is not only functional, but also a **stylish addition** to any modern kitchen

Kettle - Wi-Fi and full control via the app

Xiaomi Smart Kettle 2 Pro enables full control via the app, thanks to **built-in Wi-Fi**. You can easily check the water temperature, set your preferred value, and even **programme boiling** for a specific time. This saves you time, and you can enjoy hot water whenever you need it.

Xiaomi Electric Kettle 2 - Fast boiling with 1800W power

The Xiaomi Electric Kettle is equipped with an **efficient heating element** with 1800W power, which means boiling 1.7 litres of water takes only a few minutes. It is the ideal solution for those who value speed and convenience. Thanks to its modern design and a handle that stays cool, **using the kettle is not only quick, but also safe.**

Kettle - Safety and ease of use

The Xiaomi Mi Smart Kettle Pro has been designed **with privacy and user safety in mind**. The kettle has a button that allows the lid to be opened effortlessly, as well as **double thermal insulation**, which prevents burns during use. As a result, the Xiaomi kettle is completely safe, and its thermal insulation helps keep hot water warm for longer, making it an ideal choice for any kitchen.

Xiaomi Electric Kettle 2 - Even heating and energy saving

The Xiaomi Electric Kettle 2 Pro has been designed with even water heating in mind, ensuring **better energy efficiency**. Thanks to its special heating design, heat is distributed evenly, allowing the desired temperature to be reached more quickly. This not only saves time, but also reduces energy consumption, making it more environmentally friendly.
