### Full product description

#### Heavy-duty Extralink foil envelopes - style and protection in one

If you're looking for reliable shipping packaging that combines durability with aesthetics, **Extralink courier foil packs strong foil envelopes 255x370 Noc** 50 pcs is the perfect solution. Thanks to the unique "Night" design, your shipments will stand out while providing maximum protection for the contents. **Choose a product** that will be perfect for the daily operations of any online store.

### Ease of packaging and use

Thanks to **the self-adhesive strip**, the process of sealing parcels becomes fast and convenient. No need for additional adhesive tape not only saves time, but also increases the aesthetics of each package.

## Protection at the highest level

Foil courier envelopes are made of durable **LDPE film**, which provides resistance to moisture, tears and dirt. The contents of the shipment are fully protected from mechanical damage and unauthorized opening. **We guarantee** that the envelope will remain intact until it is delivered to the recipient.

## Aesthetics and discretion

The unique "Night" design gives the envelopes an elegant and modern look, while providing complete discretion due to their total opacity. **They are ideal for shipping** items that require privacy, such as documents or small accessories. This makes your shipments stand out with a professional appearance.

## Eco-friendly approach and sustainability

Our courier foil envelopes are made from partially recycled materials, making them more environmentally friendly. In addition, the high durability of the envelopes allows them to be used multifunctionally, minimizing waste. By choosing these envelopes, **you offer** quality and care for the planet.
