Price: **379.00 zł** gross / 308.13 zł net

Manufacturer: XIAOMI

Referention number: DNXGHHMQDRMMHM

Information:

Xiaomi Smart Tower Fan 2 EU is an elegant tower fan combining modern design, quiet operation and intelligent control. Thanks to the Mi Home app, you can conveniently adjust the speed, set schedules and operate the device remotely, while compatibility with Amazon Alexa and Google Assistant enables voice control. The energy-efficient DC motor provides effective cooling with a low power consumption of 24 W and noise levels of up to 63 dB(A), so it is perfect for a bedroom, living room or office. Oscillation of up to 150° distributes air evenly, and the slim, lightweight design suits modern interiors.

Noise level	63 decibel
Placement	Floor
Control type	Buttons
Energy consumption per 1000 hours	1 kWh
Power source type	DC
Mobile app support	Yes
Product colour	White
Wi-Fi controlled	Yes
Auto oscillating	Yes
Oscillation range	150 °
Number of fan blades	350
Watch case material	Acrylonitrile butadiene styrene (ABS)
Type	Household tower fan

Full product description

Xiaomi Smart Tower Fan 2 EU - Intelligent cooling in your home

Xiaomi Smart Tower Fan 2 EU is a tower fan that combines elegant design, quiet operation and advanced smart features. Thanks to app control and voice support, it offers maximum ease of use. **Create the perfect climate in your home** with this innovative technology!

Smart control - convenience at your fingertips

With support for the **Mi Home app**, you can easily control the fan from anywhere. Choose from **speed levels**, adjusting the airflow to your needs, and use the schedule function to set automatic switching on and off. Compatibility with **Amazon Alexa** and Google Assistant also enables voice control, providing even greater convenience.

Quiet operation and efficiency - the ideal solution for any time

The **variable-frequency DC motor** ensures **quiet operation**, with a noise level of up to **63 dB(A)**. The fan is ideal for the bedroom, living room or office, guaranteeing comfort even during long hours of use. Thanks to its energy efficiency, it uses only **24W**, allowing economical use **around the clock**.

Adjustable oscillation angle - cooling the whole room

The fan offers **oscillation of up to 150°**, so cool air reaches every corner of the room evenly. You can also set **90° or 60°**, tailoring the settings to your needs. The **airflow** of up to 682 mm/s provides noticeable comfort even on hot days.

Stylish and compact design - ideal for modern interiors

The slim tower design with a height of **1014 mm** means that the **Xiaomi column fan** fits perfectly into any space. The light **3.5 kg weight** and sturdy base ensure easy carrying and stability. **Elegant appearance and modern functionality** make it not only a practical device, but also a stylish interior feature.
