Full product description

Xiaomi Sound Party 50W - Powerful Bluetooth speaker

Xiaomi Sound Party 50W is a wireless speaker that delivers impressive sound and great fun on every occasion. Thanks to the **IP67** rating and **5200mAh** battery, it is the ideal choice for outdoor entertainment, regardless of the weather conditions. **RGB lighting** combined with **TWS** functions makes every evening an unforgettable audio and visual experience.

Xiaomi Sound Party - Dynamic sound for parties

The **Xiaomi Sound Party** speaker offers **50W** of power, delivering full and clear sound quality at both high and low frequencies. The use of **Harman AudioEFX** technology gives the user sound that is both loud and clear, ideal for playing various music genres. Thanks to **Stereo Pair** (TWS), two speakers can be connected in stereo mode, creating spatial sound that is perfect for larger rooms or outdoors.

IP67 - Speaker resistant to water and dust

Thanks to **IP67**, the **Xiaomi Sound Party speaker** is resistant to dust and immersion in water up to 1 metre deep for 30 minutes. This means you can take it to the beach, the pool or the mountains without worrying about damage from water or dust. Whether it is raining or windy, this speaker can handle any weather.

5200mAh battery - Music for 26 hours

The 5200mAh battery provides up to **26 hours** of music playback at medium volume. Thanks to the large battery capacity, you can enjoy your favourite music all day without the need for frequent charging. Combined with the **fast charging** option, the speaker is ready to use in a short time.

RGB lighting - Create an unforgettable atmosphere

The speaker is equipped with **RGB lighting** that adapts to the rhythm of the music. You can change the lighting effects and colours to suit the mood or theme of the party. Thanks to this feature, every moment becomes special and the fun takes on a new dimension.
