Information:

Xiaomi Vacuum Cleaner P30 is a lightweight, cordless vacuum cleaner weighing just 860 g, combining powerful 22 000 Pa suction with a 110 000 rpm motor to effectively remove dust, dirt and allergens from floors, furniture and hard-to-reach areas. The 5-stage filtration system captures 99.8% of particles as small as 0.3 µm, improving the air quality in your home. The battery provides up to 40 minutes of operation in Eco mode, and the set includes versatile attachments for cleaning the home and car. Easy cleaning, a washable filter, a 200 ml dust container and USB-C charging increase everyday convenience.

Full product description

Efficient home cleaning

The cordless **Xiaomi Vacuum Cleaner P30** is a lightweight appliance that offers powerful suction at **22,000 Pa**. Thanks to its efficient motor with a speed of **110,000 rpm**, the device effectively removes fine dust and allergens from floors and furniture. Its lightweight design makes cleaning quick, while the **5-stage filtration** helps keep the air in your home clean.

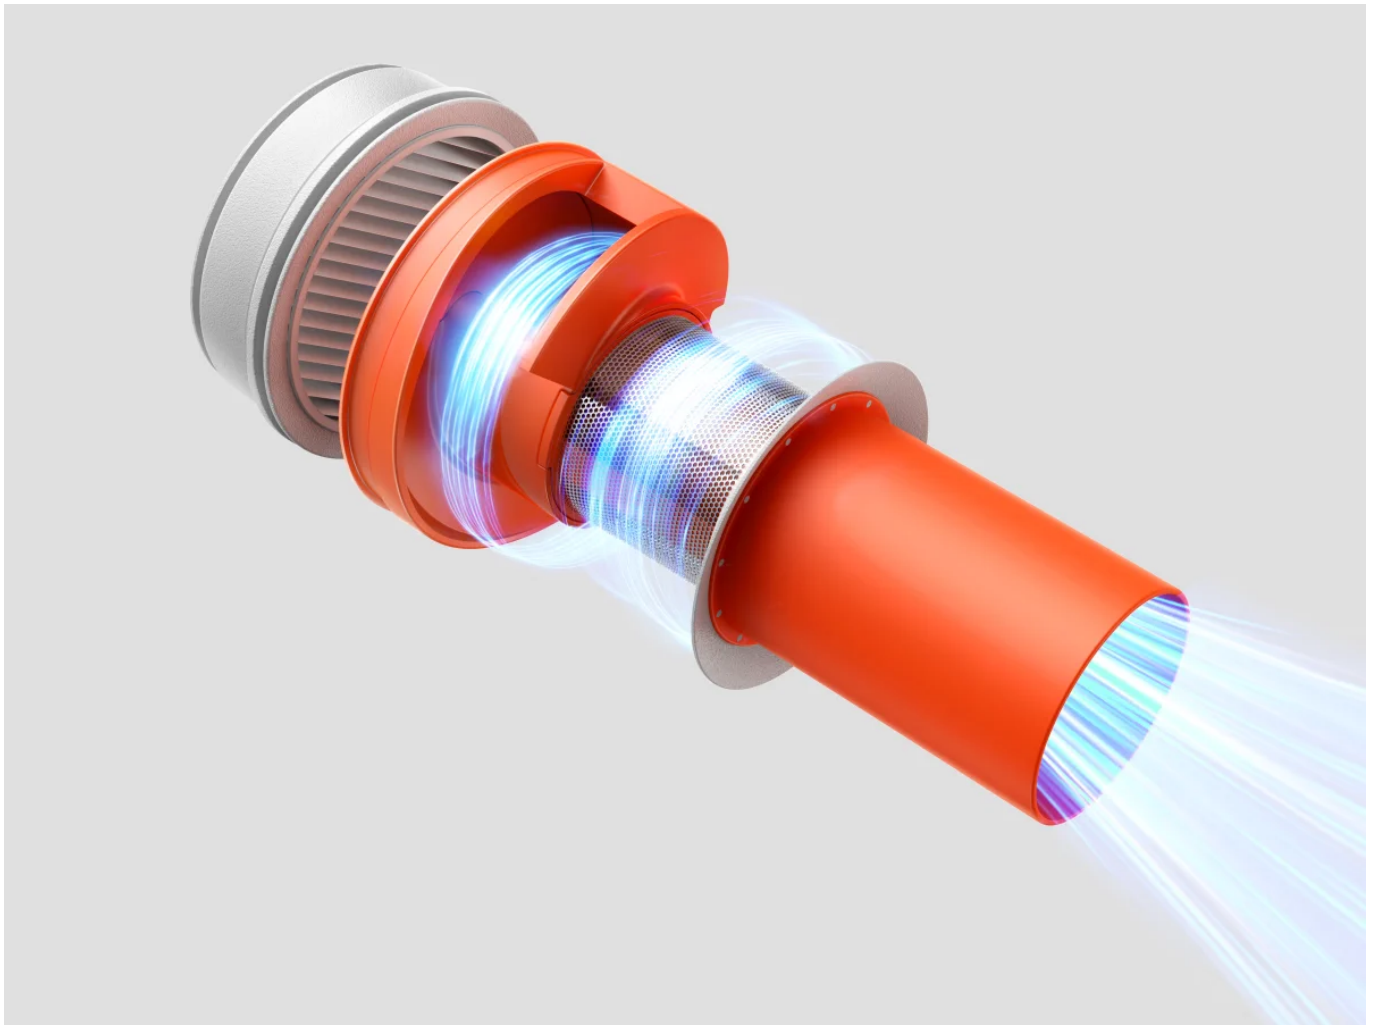

Key advantages of the Xiaomi Vacuum Cleaner P30

- **Suction power of 22,000 Pa** – instantly removes dust and dirt from any surface.
- **Weight of 860 g** – the lightweight main unit enables effortless cleaning of ceilings and curtains.
- **40 min runtime** – allows you to clean the entire flat without interruptions for charging.
- **99.8% filtration** – the advanced system traps particles as small as 0.3 μm .
- **Versatility** – the included attachments help with cleaning both at home and in the car.

Efficient 110,000 rpm motor

At the heart of the vacuum cleaner is a high-speed motor that generates suction power of **50 AW**. These specifications mean that the **Xiaomi Vacuum Cleaner P30** can handle the toughest dirt in crevices. High operating efficiency helps reduce cleaning time, and you can enjoy spotless cleanliness with less effort. It is an ideal solution for people who value time.

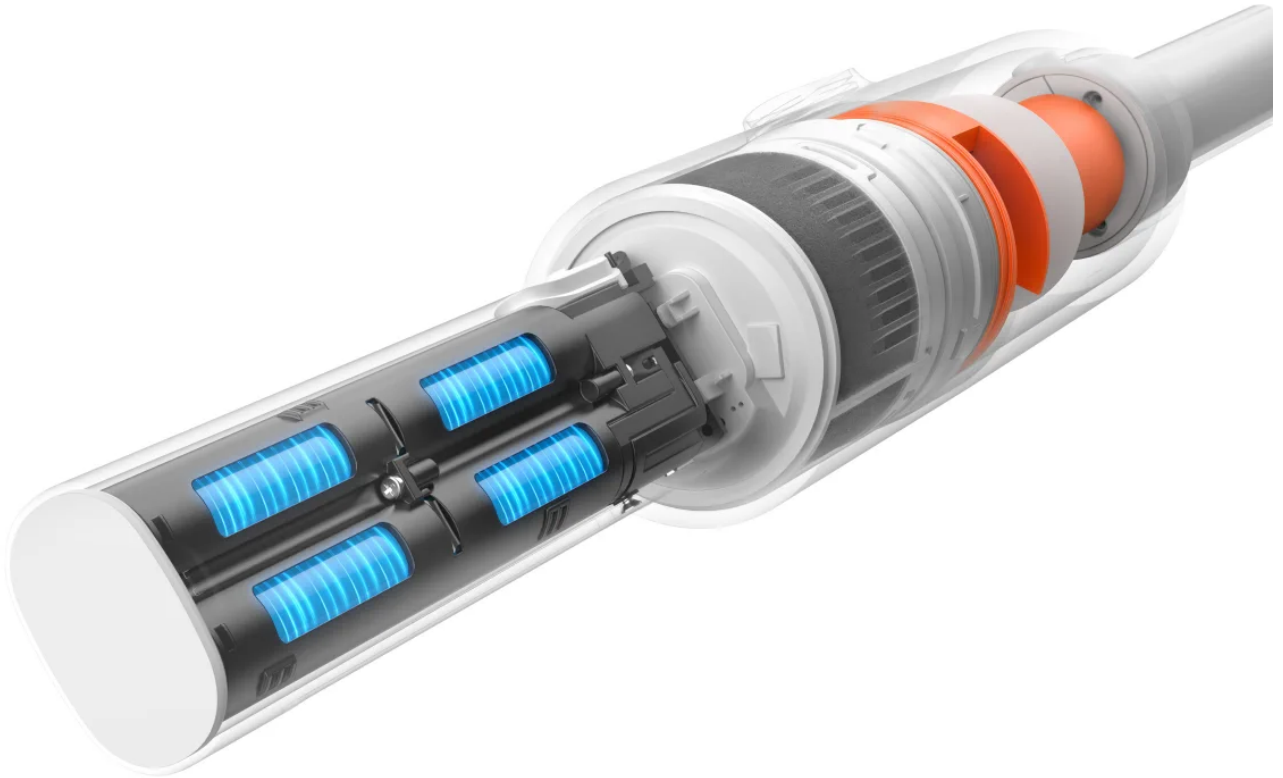

Lightweight and ergonomic design

The designers focused on full mobility, which is why the main unit weighs just **860 grams**. Thanks to this low weight, operating the vacuum cleaner with one hand is exceptionally easy and does not strain the wrist. The **oval handle design** helps the hand sit naturally, which translates into comfort during longer vacuuming sessions. This appliance is designed with your comfort in mind, making it easy to reach high curtain rails or ventilation grilles.

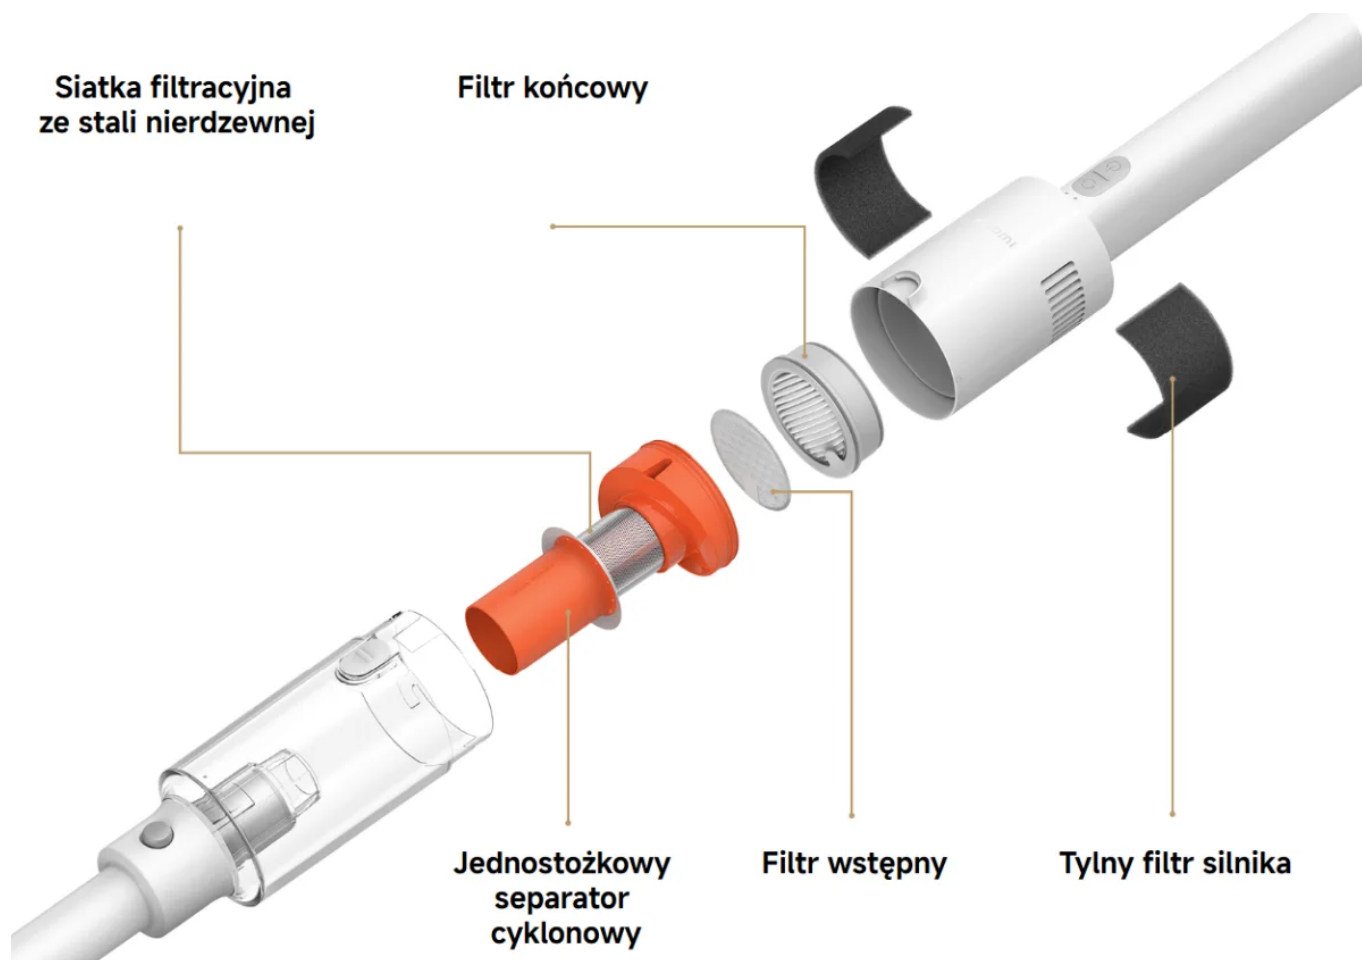

Long battery life

The device is equipped with **4 lithium-ion batteries** with a capacity of 2000 mAh each. In Eco mode, the vacuum cleaner offers up to **40 minutes of continuous operation**, which is enough to thoroughly freshen up a large living room and bedroom. If you encounter heavier dirt, Turbo mode enables intensive cleaning for 10 minutes. This configuration helps you plan household cleaning without worrying about the appliance suddenly running out of power halfway through the job.

Advanced dust filtration

The 5-stage filtration system, including a **cyclonic separator** and a stainless steel mesh, effectively separates dust from the airflow. This solution protects the motor from clogging and helps maintain constant suction power. **99.8% filtration efficiency** means that only clean air leaves the device, which is beneficial for people sensitive to pollen and dust mites. It is a multi-layer barrier against microorganisms.

Versatile 2-in-1 attachments

The set includes specialist accessories that expand the device's functionality. The **2-in-1 crevice brush** is ideal for vacuuming computer keyboards, skirting boards and tight spaces in the car. Meanwhile, the **lightweight main brush** with its slim design allows you to clean under low furniture such as sofas or sideboards. Thanks to these extras, the **Xiaomi P30** becomes a versatile tool for tackling dirt.

Easy maintenance and washing

Keeping the vacuum cleaner hygienic is incredibly simple thanks to the washable components. The **reusable filter** can be rinsed under running water, which helps save money and care for the environment. The **200 ml** dust container can be removed in one motion, making it easy to empty. Regular maintenance ensures the vacuum cleaner remains fully efficient for a long time, delivering consistent dirt collection performance.

Modern Type-C charging

The vacuum cleaner is equipped with a popular **Type-C charging port**, which increases convenience in everyday use. You can charge the device almost anywhere using the included cable. Intelligent control buttons allow you to change modes with one click, without needing to keep your finger on the trigger. This design helps you move smoothly between different surfaces and types of dirt, making cleaning almost automatic.
