Product weight	60 g

Full product description

The aesthetics of minimalism

The integrated arched button combined with streamlined edges makes the mouse comfortable to hold, while providing an elegant exterior. The combination of dark gray and black reflects the restrained and staid nature of its owner, an optimal choice for your desk.

2.4 GHz wireless transmission

With 2.4GHz wireless transmission technology, **Xiaomi Wireless Mouse Lite** is able to transmit stable and continuous signals. The compact wireless Nano receiver saves the hassle of wired connections, keeping your desk neat and tidy.

Solid grip for stable control

The **optical mouse** is medium in size, with a comfortable grip for a natural fit in the hand and fingers. The buttons are responsive and easy to press. Symmetrical buttons on the left and right sides and a scroll wheel in the middle make it intuitive and easy to use.

Lightweight body for fast movements

The **Xiaomi Wireless Mouse Lite**, weighing just 60g (without battery) and featuring an overall lightweight design, the mouse control frees up your fingers and wrist from pressure for long-lasting use.

Precision sensor

The optical mouse is equipped with the original precision **1000dpi sensor**, a proven technology ideal for work and study.
