Light colour type	Multi
Total power	2.1 W
Product colour	White
Mounting hardware type	Adhesive tape
Type	Universal strip light
Designation	Indoor
Product weight	33.5 g

Full product description

Xiaomi Yeelight LED Lightstrip Plus Extension

The length of the **main ribbon** is 2m. It can be used separately and create a magical atmosphere at home. If necessary, the basic length can be extended with additional **metre-long extensions**, which can be combined with the tape as desired. The maximum possible length is 10m.

Please note that extensions cannot be used on their own without [a base strip](#).
