Li-ion

Battery type

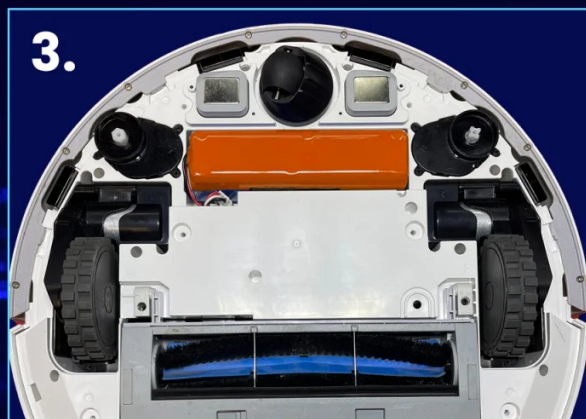

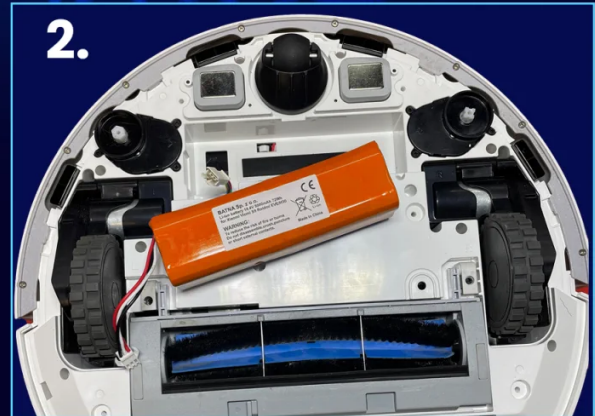

Perfect fit for your robot

Simple replacement

Replacing the battery in **Xiaomi cleaning robots** is quick and easy, without the need for tools. Thanks to the simple design, **the battery replacement** can be done by yourself in a short time. **The battery for Xiaomi Mi Robot vacuum cleaner** is a convenient solution that allows you to quickly return to using the device.

Easy replacement – quick return to work

Hassle-free installation – perfect fit.

A few reasons to replace the battery

Extended use time - The new battery allows the unit to run longer on a single charge, which is ideal for larger cleaning areas.

Full power restoration - A worn-out battery can cause a drop in suction power, and with a replacement battery your vacuum cleaner regains full performance.

Stable operation - With a new battery, your vacuum cleaner will run stably, eliminating the risk of overheating that can occur with an old, damaged battery.

Ease of replacement - Replacing the battery is quick and easy, allowing you to quickly return to effective use without complicated installation.
