Full product description

Easy to use

The **Yealink SIP-T53C IP phone** features an adjustable 3.5-inch color LCD screen that can be easily adjusted to a comfortable viewing angle according to you. The **SIP-T53C** is bundled with the latest version of Yealink Optimal HD Voice technology. Compatible with hearing aids (HAC), its HAC handset helps a person with hearing loss hear their voice more clearly.

Wireless transmission

The **Yealink SIP-T53C IP phone** not only features built-in Bluetooth 4.2 for Bluetooth headsets and mobile contact synchronization, but also built-in dual-band Wi-Fi for Wi-Fi connectivity, allowing easy access to 5G Wi-Fi connectivity. What's more, the IP phone can function with Yealink VC Desktop together to share content from a laptop, making collaboration much easier.

High expandability

Two built-in USB 2.0 ports allow you to enjoy USB call recording with a USB flash drive. Through this USB port, you can also connect a wired/wireless USB headset without connecting the Yealink EHS36, and connect up to **3 Yealink EXP50 expansion modules** that can be programmed with **180 paperless DSS keys**.

Efficient installation and supply

The **Yealink SIP-T53C** supports efficient provisioning and seamless mass deployment with **RPS and Boot mechanism** to help you realize **Zero Touch Provisioning** without any complicated manual settings. In addition, the unified firmware and auto-p template that applies to T53/T53W/T54W/T57W phone models saves even more time and cost for businesses.
