Manufacturer: YEALINK

Referention number: DNXGGJMFRL00

Product features

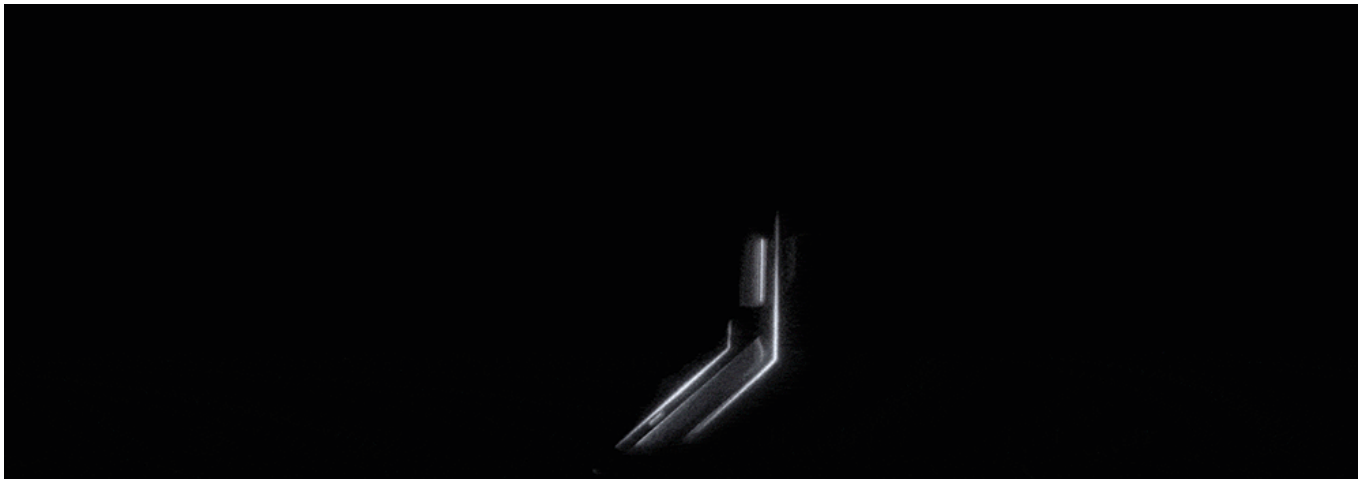

Product type	IP Phone
Height	285 mm
Panel type	IPS
Width	273 mm
Depth	226 mm
Backlight display	Yes
Security algorithms	HTTPS
Automatic gain control	Yes
Resolution	1280 pixels
Call forwarding	Yes
Integrated voicemail	Yes
Voice activity detection	Yes
Cables included	LAN (RJ-45)
Noise reduction	Yes
Package weight	13430 g
Power consumption (typical)	9 W
Humidity measurement range	10 - 95%
Packet loss concealment (PLC)	Yes
USB 2.0 ports quantity	1
Call waiting	Yes
Harmonized System (HS) code	85171800
Ethernet LAN interface type	Gigabit Ethernet

Touchscreen	Yes
Call divert	Yes
Quick start guide	Yes
Networking standards	IEEE 802.11a
Ethernet LAN (RJ-45) ports	2
Handset	Yes
Full duplex	Yes
IFU / User manual	Yes
Plug and Play	Yes
Operating temperature (T-T)	-10 - 40 °C
Touchscreen type	Capacitive
Package depth	364 mm
Package height	112 mm
Package width	336 mm
Message-waiting indicator (MWI)	Yes
Call hold	Yes
Stand included	Yes
Supported network protocols	IPv4/IPv6, HTTP/HTTPS, SNMP
Cable lock slot	Yes
Power consumption (Power over Ethernet (PoE))	10.2 W
RJ-9 ports quantity	2
Display diagonal	8 "
Voice codecs	AEC
Operating system installed	Android
Power over Ethernet (PoE)	Yes
Wi-Fi standards	802.11a
Wi-Fi	Yes
Bluetooth version	4.2
Bluetooth	Yes
Ethernet LAN	Yes
HDMI ports quantity	1
Operating system version	7.1
Front camera resolution (numeric)	2 MP
Front camera	Yes
Video call	Yes
Product colour	Black
Number of simultaneous touchpoints	10
Handset type	Wired handset
Speakerphone	Yes
Product weight	12390 g

Full product description

HD audio and video

The **VP59** is equipped with the latest version of **Yealink Optimal HD Voice** technology, including **Yealink Noise Proof and Acoustic Shield**, which effectively eliminates interference and background noise. The HAC handset helps a person with hearing loss hear voice more clearly. The device has a dynamic **1080P HD interchangeable camera** that enables remarkable face-to-face interactions in real time.

Easy cooperation

The **VP59** not only has built-in Bluetooth 4.2 and built-in dual-band Wi-Fi, but also HDMI output and the ability to function with **Yealink VC Desktop**. In addition, administrators can easily install additional Android 3rd -party applications such as Skype, SFB to improve collaboration and productivity. And it offers local HD call recording and screen capture capabilities on their **USB flash drive** as well.

High level of security

The **Yealink VP59** addresses the need for enhanced digital security by leveraging the SIP protocol over **Transport Layer Security (TLS/SSL)**, greatly enhancing data protection. The device is not only secure, but also flexible; the VP59 supports broad interoperability with the leading video conferencing and IP-PBX/UC systems on the market, as well as with several leading softswitch providers.

Efficient installation and supply

The **Yealink VP59** supports efficient provisioning and seamless mass deployment with RPS and Boot mechanism to help you realize Zero Touch Provisioning without any complicated manual settings.
