Full product description

Innovative Design and Versatility

The Yesoul EF25 elliptical trainer is an extremely versatile device that is an ideal addition to any home gym. Its unique 3-in-1 design includes elliptical mode, felix stick and glute training. The elliptical mode provides a smooth workout with low impact on joints, while the felix stick focuses on arms, shoulders and back, and the gluteal training mode helps firm and strengthen the glutes.

Ergonomic and Quiet Workout Experience.

EF25 stands out for its ergonomic design, which provides greater comfort and support during workouts, including better knee support, which is especially important for people with long legs. In addition, the state-of-the-art magnetic resistance system works quietly, allowing you to work out without disturbing household members or neighbors.

Technology and Functionality

The device features a 6kg stainless steel flywheel and magnetic resistance adjustable from 0 to 100%, allowing you to customize the intensity of your workout. The use of the latest technology allows you to track your progress via a mobile app, set workout goals and compete with friends for extra motivation.

Style and Practicality

EF25 is characterized not only by high functionality, but also by style. Its high-quality design, developed by a team of designers, provides both aesthetic appeal and practicality. Thanks to its wheels, the device can be easily moved around the house, and its compact size allows for convenient storage.

The perfect partner for training at home

Yesoul EF25 is the ideal solution for those who are looking for an effective yet quiet and ergonomic home workout machine. Its multifunctionality, modern technology, stylish design and ease of use make it one of the best choices in the home elliptical trainer market.
