Price: **65.01 zł** gross / 52.85 zł net

Manufacturer: EXTRALINK

Referention number: DNXGHHONJRMMLQ

Information:

A set of 3 washable HEPA filters for Dyson vacuum cleaners provides effective protection against dust, pollen and mites, trapping up to 99.97% of fine particles. It fits many models, including V11, V15 and the SV series, and quick tool-free installation makes replacement easy. The durable ABS construction and silicone seal support airtightness, protect the motor from clogging and help maintain high suction power. Regular cleaning under water extends the filters' lifespan, improves hygiene and supports cleaner, healthier air in the home.
