Full product description

Garden Garland 20 Bulbs for 20 Meters

This lighting kit consists of 20 high-quality bulbs arranged on a 20-meter cable, which provides enough length to illuminate large spaces. The set is perfect for outdoor use, places such as gardens, terraces and outdoor events, offering just the right amount of light in any situation. The cable is weatherproof, making it reliable in all weather conditions.

Energy Efficiency and Ease of Expansion

Each bulb in the set is 2W, making the set extremely energy efficient while offering intense and pleasant light. In addition, the ability to connect up to 36 sets provides the flexibility to create lighting in large spaces, such as gardens, restaurants or outdoor events.

Durability and Resilience

The bulbs are characterized by exceptional durability due to the double filament in each bulb, which ensures greater reliability and longer life. In addition, they are shatterproof, making them more resistant to mechanical damage. It's ideal for places where adverse conditions, such as winds and rain, may occur.

Water Resistance and Resistance to Atmospheric Conditions

The light set has an IP65 rating, which means that the bulbs are completely resistant to dust and water. As a result, they can be used outdoors without fear of rain or moisture damage. It's a solution that ensures uninterrupted functionality, regardless of weather conditions
