Full product description

The **ZTE ZXHN F670L** subscriber terminal is a dual-band Gigabit Premium Triple Play AC1200 GPON gateway. It features **1GE and 3FE LAN** ports, one phone port, and **next-generation multi-threaded Wi-Fi** operating simultaneously in 2.4 GHz 2x2 over 802.11n and 5 GHz 2x2 over 802.11ac. Depending on customer requirements, antennas with a maximum **gain of 5 dBi** can extend Wi-Fi coverage and improve performance.

Interfaces

- 1 SC / APC connector for GPON
- 4 RJ-45 ports for GE interface
- 1 RJ-11 port for VoIP
