

ZyXel ES-108A V3 | Switch | 8x RJ45 100Mb/s

link to the product:

<https://www.batna24.com/gb/p/switches/zyxel-es-108a-v3-switch-8x-rj45-100mb-s>

Price: **69.73 zł** gross / 56.69 zł net

Manufacturer: ZYXEL

Referention number: DNXEFNLPLRMMPH

Product features

Storage relative humidity (H-H)	10 - 95%
Buffer size	56 KB
Height	26 mm
Input voltage	100 V
Output voltage	5 V
LED indicators	Yes
Wall mountable	Yes
Width	155 mm
Depth	85 mm
Auto-negotiation	Yes
Storage temperature (T-T)	-40 to 70 °C
Power consumption (max)	1.52 W
Package weight	477.5 g
Humidity measurement range	10 - 90%
Harmonized System (HS) code	85176990
Switching capacity	1.6 Gb/s
Networking standards	IEEE 802.3
Switch type	Unmanaged
10G support	No
Full duplex	Yes
Cable length detection	Yes
Auto MDI/MDI-X	Yes
Plug and Play	Yes

Operating temperature (T-T)	0 – 50 °C
Package depth	90 mm
Package height	95 mm
AC adapter included	Yes
Package width	161 mm
Quality of Service (QoS) support	Yes
User guide	Yes
Reset button	Yes
Flow control support	Yes
MAC address table	1000 entries
Output current	1 A
AC input frequency	50 Hz
AC input voltage	100 V
Store-and-forward	Yes
Product colour	Metallic
Power connector	DC-in jack
MAC address filtering	Yes
Basic switching RJ-45 Ethernet ports type	Fast Ethernet (10/100)
Basic switching RJ-45 Ethernet ports quantity	8
Product weight	304 g

Full product description

Zyxel ES-108A v3 - 8-port switch

Zyxel ES-108A v3 helps you easily connect multiple devices to your home network with priority connections.

Technology

QoS with priority ports allows you to maintain smooth network operation, also providing an increased **memory buffer**. **ES-108A v3** stabilizes the operation of connections requiring high data flow using high priority **QoS** ports. **A automatic N-way negotiation** automatically activates the **full-duplex** mode and the **store-and-forward** service offers low latency and error-free packet transfer. **Plug-and-play** makes it easy to connect new devices to the network without manual configuration. **Nozzle diodes** inform you of problems when loop errors occur on the network, thus preventing **transmission storms**.

Energy efficiency in a compact size

Compatibility with **IEEE 802.3az Energy Efficient Ethernet** ensures energy efficiency without loss of performance. **ES-108A v3** automatically detects the power consumption of the connected devices and the cable length, thus consuming less power for short distances between devices. The power consumption is changed dynamically, depending on the number of inactive ports, and the detected lack of data transmission in the network causes automatic switching to **power saving mode**. Thanks to its compact size and minimalist design **ES-108A v3** does not take up much space on your desk or wall and blends in well with your environment.
