Manufacturer: ZYXEL

Referention number: DNXEFNLQFRMMKL

Product features

Regulatory Approvals	CE, FCC Class B, BSMI
Storage relative humidity (H-H)	10 - 90%
Height	32 mm
Input voltage	5 V
LED indicators	Yes
Width	152 mm
Depth	80 mm
Input current	1 A
Storage temperature (T-T)	-20 to 90 °C
Rack mounting	No
Package weight	250 g
Power consumption (typical)	3 W
Humidity measurement range	10 - 90%
Harmonized System (HS) code	85176990
Switching capacity	16 Gb/s
Networking standards	IEEE 802.3
Switch type	Unmanaged
10G support	Yes
Auto MDI/MDI-X	Yes
Operating temperature (T-T)	0 - 40 °C
Package depth	86 mm
Package height	96 mm

Package width	157 mm
Quality of Service (QoS) support	Yes
User guide	Yes
Jumbo frames support	Yes
MAC address table	8000 entries
Power over Ethernet (PoE)	No
AC input frequency	50 Hz
AC input voltage	100 V
Product colour	Black
Power connector	DC-in jack
Basic switching RJ-45 Ethernet ports type	Gigabit Ethernet (10/100/1000)
Basic switching RJ-45 Ethernet ports quantity	8
Product weight	150 g

Full product description

Zyxel GS-108S v2 - 8 port Gigabit switch

Zyxel GS-108S v2 will help you easily connect multiple media devices to your home network at **Gigabit** speed, which will allow you to stream and entertain online at the same time.

Plug-and-play and QoS technology

With **Plug-and-play** technology, you can easily connect **GS-108S v2** to VoIP, media players, game consoles, TV set-top boxes or surfing devices on your home network, without any configuration problems. **QoS** with ports for three degrees of priority will allow you to customize VoIP or multimedia connections to achieve the best possible experience. Simply connect your game console to a medium-priority port and less demanding devices to low-priority ports.

Style and modernity

Zyxel **GS-108S v2** will detect the operation and speed of the connection itself, informing the user by means of an LED. Compatibility with the **IEEE 802.3az Energy Efficient Ethernet** standard, known as "**Green Ethernet**", will ensure energy efficiency without loss of performance. **GS-108S v2** will automatically detect the power consumption of the connected devices and the length of the cables, and will consume less power for short distances between devices. Thanks to the stylish and modern design of the **switch** and its careful workmanship, it will blend in with the decor of your home.
