Price: **254.17 zł** gross / 206.64 zł net

Manufacturer: ZYXEL

Referention number: DNXGFNQLIRMMNL

Product features

Regulatory Approvals	CE, FCC, BSMI, EAC
Storage relative humidity (H-H)	10 – 90%
Buffer size	128 KB
Height	26 mm
Output voltage	55 V
Width	121 mm
Depth	75 mm
Storage temperature (T-T)	-40 to 70 °C
Package weight	834 g
Humidity measurement range	10 – 90%
Harmonized System (HS) code	85176990
Switching capacity	10 Gb/s
Quick start guide	Yes
Networking standards	IEEE 802.3
Switch type	Unmanaged
10G support	No
Full duplex	Yes
Auto MDI/MDI-X	Yes
Operating temperature (T-T)	0 – 40 °C
Package depth	132 mm
Package height	78 mm
AC adapter included	Yes

Package width	210 mm
Quality of Service (QoS) support	Yes
Total Power over Ethernet (PoE) budget	60 W
Flow control support	Yes
Jumbo frames	9126
Jumbo frames support	Yes
MAC address table	2048 entries
Output current	1.3 A
Power over Ethernet (PoE)	Yes
AC input voltage	100 V
Power over Ethernet (PoE) power per port	30 W
Power over Ethernet plus (PoE+) ports quantity	4
Product colour	Silver
Basic switching RJ-45 Ethernet ports type	Gigabit Ethernet (10/100/1000)
Basic switching RJ-45 Ethernet ports quantity	5
Product weight	235 g

Full product description

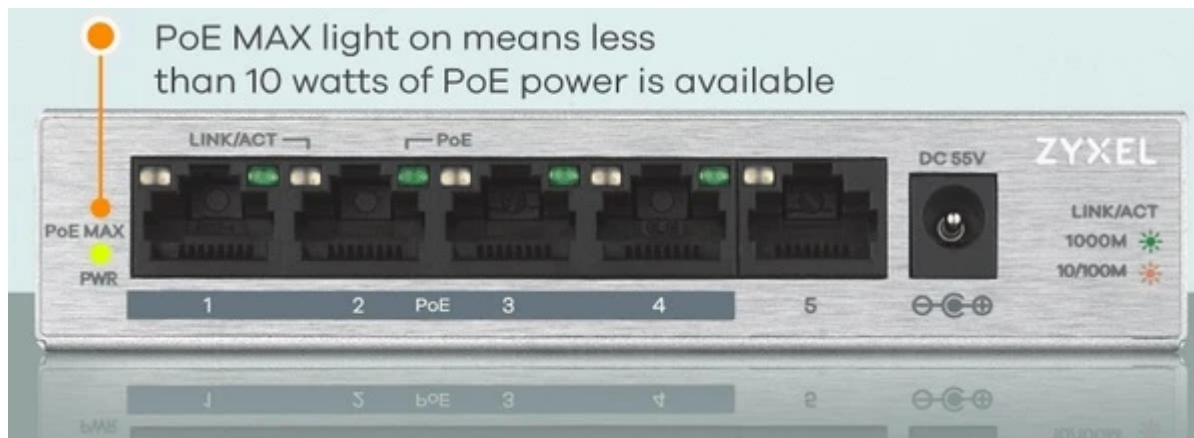

Zyxel GS1005-HP - 5-port Gigabit switch unmanageable with PoE+

The **GS1005-HP** switch has 5 Ethernet ports, where 4 of them can power devices with power consumption up to 60 W by supporting **Smart PoE+ 802.3af/802.3at**, while **Plug-and-play** technology allows you to easily connect to the network of other **PoE** devices.

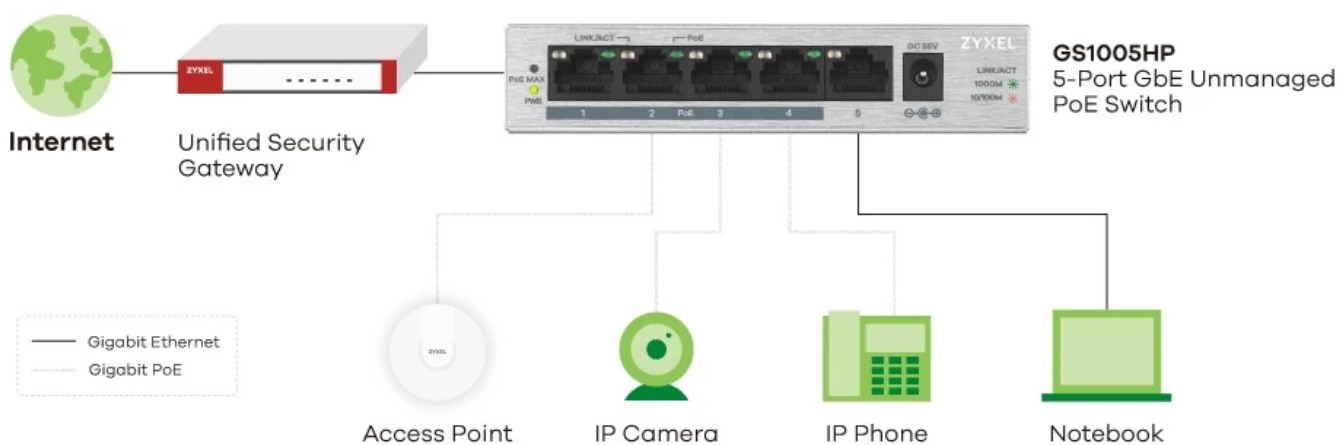

Power safety

The **GS1005-HP** switch model has a LED indicator which will signal an exceeding of power consumption above 50 W. If the power consumption exceeds the maximum value of 60 W, the last connected device will be disconnected automatically, without disturbing the other devices.

Functionality

The **Zyxel GS1005-HP** switch allows for a throughput of up to **2000 Mb/s** thanks to the **gigabit** support of the standard with advanced features such as: **Jumbo** frame support, **flow control** or **automatic negotiation**. All this makes the switch a great solution for small and medium businesses.

Quiet work

Since **GS1005-HP** has no fan and is passively cooled, it guarantees not only quiet but also trouble-free operation.

Saving energy

GS1005-HP supports **IEEE 802.3az EEE (Energy Efficient Ethernet)**, which allows you to dynamically change your power consumption by detecting link activity.

Compact size, minimalist style

The compact size of the enclosure provides protection, **The GS1005-HP** switch can be installed on the wall, which saves space in the room and the minimalist design fits into any environment.
