Price: **338.93 zł** gross / 275.55 zł net

Manufacturer: ZYXEL

Referention number: DNXGFNQLJRMOK

Product features

Storage relative humidity (H-H)	10 - 90%
Height	26 mm
LED indicators	PoE
Width	240 mm
Depth	105 mm
Input current	1.3 A
Storage temperature (T-T)	-40 to 70 °C
Cables included	AC
Power consumption (max)	72 W
Package weight	1260 g
Humidity measurement range	10 - 90%
Harmonized System (HS) code	85176990
Switching capacity	16 Gb/s
Quick start guide	Yes
Networking standards	IEEE 802.3
Switch type	Unmanaged
10G support	No
Master (outer) case height	282 mm
Master (outer) case width	283 mm
Auto MDI/MDI-X	Yes
DC input voltage	55 V
Operating temperature (T-T)	0 - 40 °C

Package depth	132 mm
Package height	78 mm
Master (outer) case gross weight	9000 g
AC adapter included	Yes
Package width	256 mm
Master (outer) case length	415 mm
Flow control support	Yes
Jumbo frames	9000
Jumbo frames support	Yes
Power supply included	Yes
Power over Ethernet (PoE) ports quantity	8
Power over Ethernet (PoE)	Yes
Store-and-forward	Yes
Product colour	Grey
Power connector	DC-in jack
Basic switching RJ-45 Ethernet ports type	Gigabit Ethernet (10/100/1000)
Basic switching RJ-45 Ethernet ports quantity	8
Product weight	610 g

Full product description

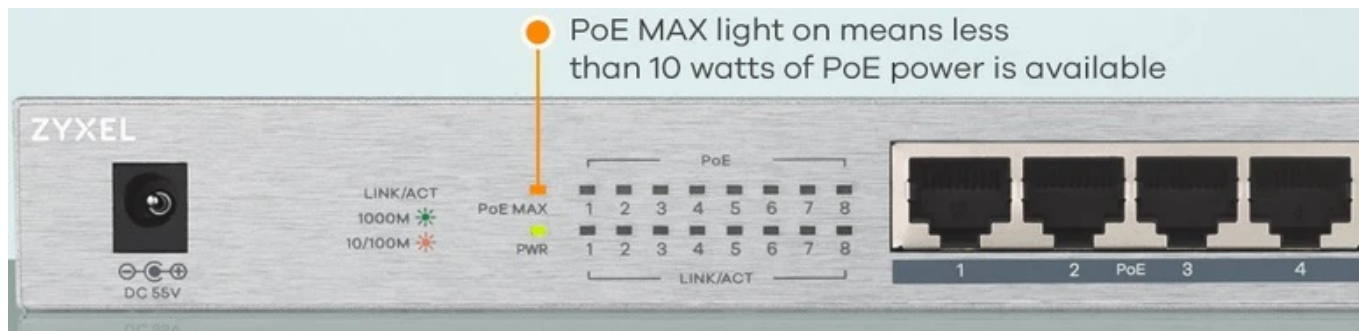

Zyxel GS1008-HP - 8-port Gigabit switch unmanageable with PoE+

The **GS1008-HP** switch has 8 Ethernet ports and 4 of them can power devices with power consumption up to 60 W thanks to **Smart PoE+ 802.3af/802.3at** support, while **Plug-and-Play** technology allows you to easily connect to the network of other **PoE** devices.

Power safety

The switch model **GS1008-HP** has a LED indicator indicating that the power consumption exceeds 50 W. If the power consumption exceeds the maximum value of 60 W, then the last connected device will be automatically disconnected, without disturbing the others.

Functionality

The **Zyxel GS1008-HP** switch allows for throughput up to **2000 Mb/s** with **gigabit** support for the standard with advanced features such as **Jumbo frame support**, **flow control** and **automatic negotiation**, which makes it a great solution for small and medium businesses.

Quiet work

Since **GS1005-HP** has no fan and is passively cooled, it guarantees not only quiet but also trouble-free operation.

Saving energy

GS1008-HP supports **IEEE 802.3az EEE (Energy Efficient Ethernet)**, which allows you to dynamically change your power consumption by detecting link activity.

Compact size, minimalist style

The compact size of the housing provides protection. **The GS1008-HP** switch can be installed on the wall to save space and its minimalist design fits into any environment.
