Price: **761.09 zł** gross / 618.77 zł net

Manufacturer: ZYXEL

Referention number: DNXGFMLPFRMMJP

Product features

Storage relative humidity (H-H)	10 - 95%
Product type	Tabletop router
Height	51.5 mm
Output voltage	12 V
LED indicators	Status
Modulation	256-QAM
USB charging port	Yes
Firewall	Yes
Memory card slot(s)	No
Universal Plug and Play (UPnP)	Yes
Width	236 mm
Depth	178 mm
4G	No
Security algorithms	SSID
WAN connection type	RJ-45
Storage temperature (T-T)	-30 - 70 °C
Cables included	LAN (RJ-45)
Package weight	1670 g
Power consumption (typical)	25 W
Humidity measurement range	10 - 90%
USB 2.0 ports quantity	1
Harmonized System (HS) code	85176990

Ethernet LAN interface type	Gigabit Ethernet
Quick start guide	Yes
Networking standards	IEEE 802.3
Ethernet LAN (RJ-45) ports	3
Auto MDI/MDI-X	Yes
Flash memory	4000 MB
DC-in jack	Yes
Operating temperature (T-T)	0 - 40 °C
Package depth	215 mm
Package height	71 mm
Safety	CE LVD, BSMI
AC adapter included	Yes
Package width	339 mm
Cabling technology	10/100/1000Base-T(X)
Quality of Service (QoS) support	Yes
Indication light	Yes
Electromagnetic compatibility	CE, FCC, BSMI, NCC
Reset button	Yes
Firmware upgradeable	Yes
Web-based management	Yes
Output current	3 A
Internal memory	512 MB
Wi-Fi band	Tri-band (2.4 GHz / 5 GHz / 5 GHz)
Wi-Fi standards	802.11a
Ethernet LAN	Yes
SIM card slot	No
Top Wi-Fi standard	Wi-Fi 5 (802.11ac)
Processor cores	4
Processor model	Qualcomm Atheros IPQ4019
Power source type	DC
Built-in processor	Yes
Antenna design	Internal
3G	No
Antennas quantity	9
Product colour	White
Guest access	Yes
Network address translation (NAT)	Yes
DMZ support	Yes
WLAN data transfer rate (first band)	400 Mb/s
WLAN data transfer rate (second band)	866 Mb/s
Ethernet WAN	Yes
Port forwarding	Yes
WLAN data transfer rate (third band)	1733 Mb/s
WLAN data transfer rate (max)	1733 Mb/s
3G/4G USB modem compatibility	No
DSL WAN	No
Product weight	740 g

Full product description

Zyxel AC3000 - tri-band Wi-Fi system

The **Multy** system will allow you to build a great wireless network with better coverage and stronger signal strength - in both small and large houses.

Extremely long Wi-Fi range

Multy X can cover an area of 400 m2 with the signal without compromising connection performance, as happens with traditional Wi-Fi amplifiers.

Maximum connection speed

Multy X AC3000 has a three-band Wi-Fi system and provides maximum speed through a special connection between two points - based on 5 GHz. In turn, the wireless network shared with other devices - operates in the 2.4 GHz and 5 GHz bands.

Ease of installation and management

The **Multy** system can be managed through the **Multy X** application, which will allow you to manage your devices in an intuitive and accessible way. The installation is clear to the user, and logging into the application panel can be done using Facebook or Google account. The service of checking the connection speed will allow you to verify whether the Internet service provider meets our expectations. With parental control it will be possible to restrict children's access to unwanted content on the Internet. Remote management of the **Multy** system will make it possible to check the operation of the home network or make it available to guests even far from home. Automatic updates will ensure the best level of system operation - its performance and reliability.

Innovative wireless network system

The three-band system used in **Multy X** will ensure excellent network performance throughout the home - thanks to the direct connection of all devices in the system. The cooling system in the device will ensure that the increased temperature will not interfere with full performance.

Package contents

The **Multy X** set includes one **access point** with accessories.

Connections in the device

Easily accessible sockets ensure trouble-free operation and the ability to quickly connect new devices.
