Price: **169.13 zł** gross / 137.50 zł net

Manufacturer: ZYXEL

Referention number: DNXFMOPJMRMNIL

Product features

Storage relative humidity (H-H)	10 - 95%
Product type	Tabletop router
Height	29 mm
Output voltage	12 V
LED indicators	Power
USB charging port	No
Universal Plug and Play (UPnP)	Yes
Width	202 mm
Depth	133 mm
4G	No
Security algorithms	WPA2-PSK
Storage temperature (T-T)	-30 - 70 °C
Cables included	LAN (RJ-45)
Package weight	660 g
Power consumption (typical)	5 W
Humidity measurement range	10 - 90%
Harmonized System (HS) code	85176990
Ethernet LAN interface type	Fast Ethernet
Quick start guide	Yes
Ethernet LAN (RJ-45) ports	4
Filtering	Yes
DC-in jack	Yes

Operating temperature (T-T)	0 - 40 °C
Package depth	335 mm
Package height	51 mm
Safety	CE-LVD
AC adapter included	Yes
Package width	240 mm
Electromagnetic compatibility	CE, FCC
Reset button	Yes
Firmware upgradeable	Yes
Web-based management	Yes
WPS push button	Yes
Output current	1 A
Wi-Fi band	Dual-band (2.4 GHz / 5 GHz)
Wi-Fi standards	802.11a
Ethernet LAN	Yes
SIM card slot	No
Top Wi-Fi standard	Wi-Fi 4 (802.11n)
Power source type	DC
Antenna design	External
3G	No
Antennas quantity	4
Product colour	Black
Guest access	Yes
Network address translation (NAT)	Yes
MAC address filtering	Yes
WLAN data transfer rate (first band)	300 Mb/s
WLAN data transfer rate (second band)	867 Mb/s
Ethernet WAN	Yes
Automatic channel selection	Yes
DHCP client	Yes
DHCP server	Yes
3G/4G USB modem compatibility	No
DSL WAN	No
Product weight	238 g

Full product description

Home router from Zyxel: faster WiFi speed with stronger signal

Improve your home network with Zyxel NBG6604 AC1200 Dual-Band.

The wireless router is equipped with **802.11ac** technology. This device amplifies the wireless transmission speed 4 times compared to traditional 11n single-band routers.

802.11ac also provides better WiFi coverage than traditional 802.11n routers.

Dual band routers reduce interference with more WiFi devices

Zyxel NBG6604 Dual-Band Wireless Router allows you to create two wireless networks that will connect up to 64 devices. One network, operating at 2.4 GHz, can be used for regular web browsing, reading news, social networking, and downloading photos or files. The second network, working at 5 GHz, allows bandwidth-intensive and time-sensitive operations such as video streaming or online games.

New router with energy efficiency and wall mount option available

The Zyxel NBG6604 has a compact design and wall mount capability to give users the flexibility to place it. Mount the router over a high area on your wall for maximum performance. Model NBG6604 uses relatively low power to **saving power**, reduces heat output and improves stability to avoid throttling problems.
