Full product description

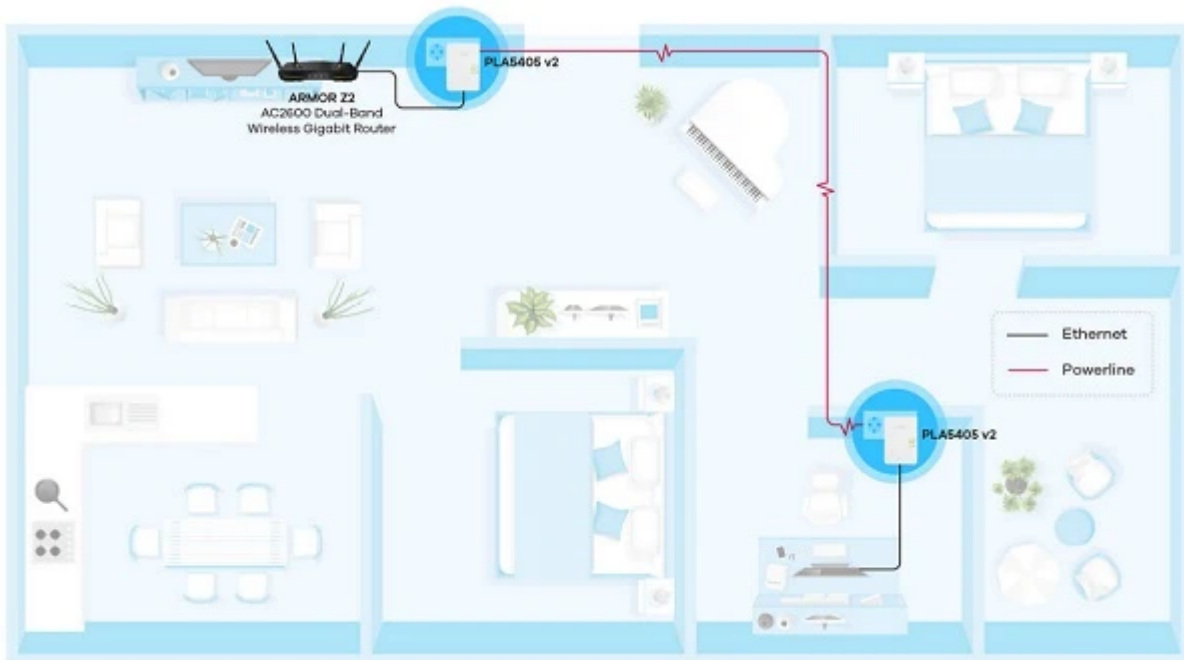

Zyxel PLA5405 - Gigabit Powerline adapter

The **Powerline ZyXel PLA5405** adapter will allow you to effectively and without loss of quality increase the range of your home network - at speeds up to **1300 Mb/s**.

Simple configuration

The **PLA5405** adapter is very easy to configure and **MIMO** technology ensures stable operation - even with many devices in the network.

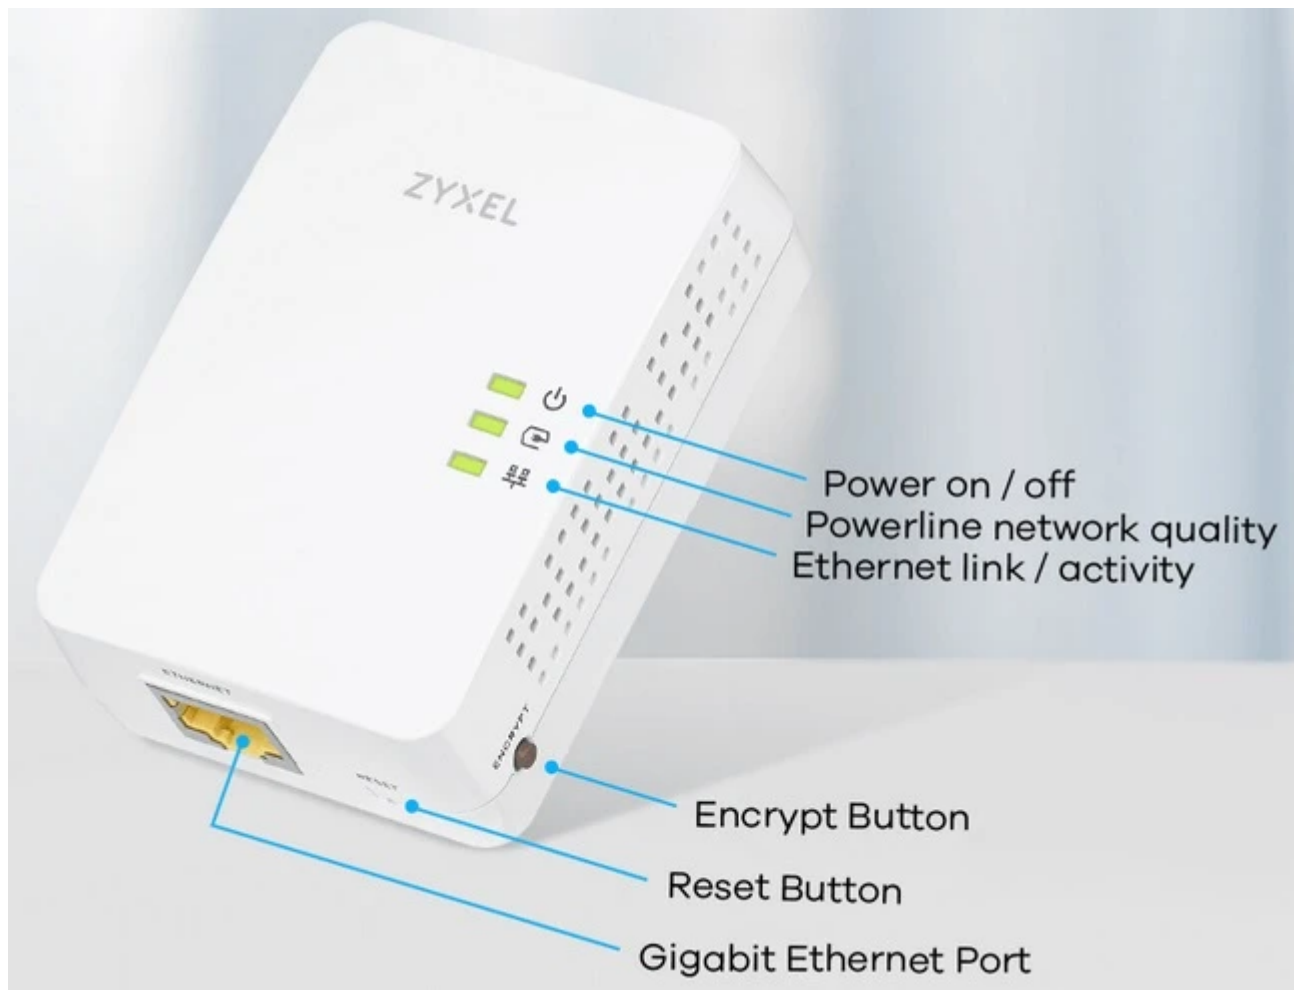

Faster network

The network can work much better with the **PLA5405** adapter. It eliminates long media caching time. 4K video streaming and online games will run smoothly. The built-in **Gigabit Ethernet** socket will provide enormous data transfer speeds.

Compact design

The Zyxel **PLA5405** adapter has been made in a compact, modern style to suit any interior.

Comfort of use

The **LED** LEDs on the front of the device will indicate how the network works and with what quality the connection with the second adapter has been established. To connect these devices it is enough to press the encryption button on both of them.
