Price: **474.23 zł** gross / 385.55 zł net

Manufacturer: ZYXEL

Referention number: DNXEJMQDRMMIQ

Product features

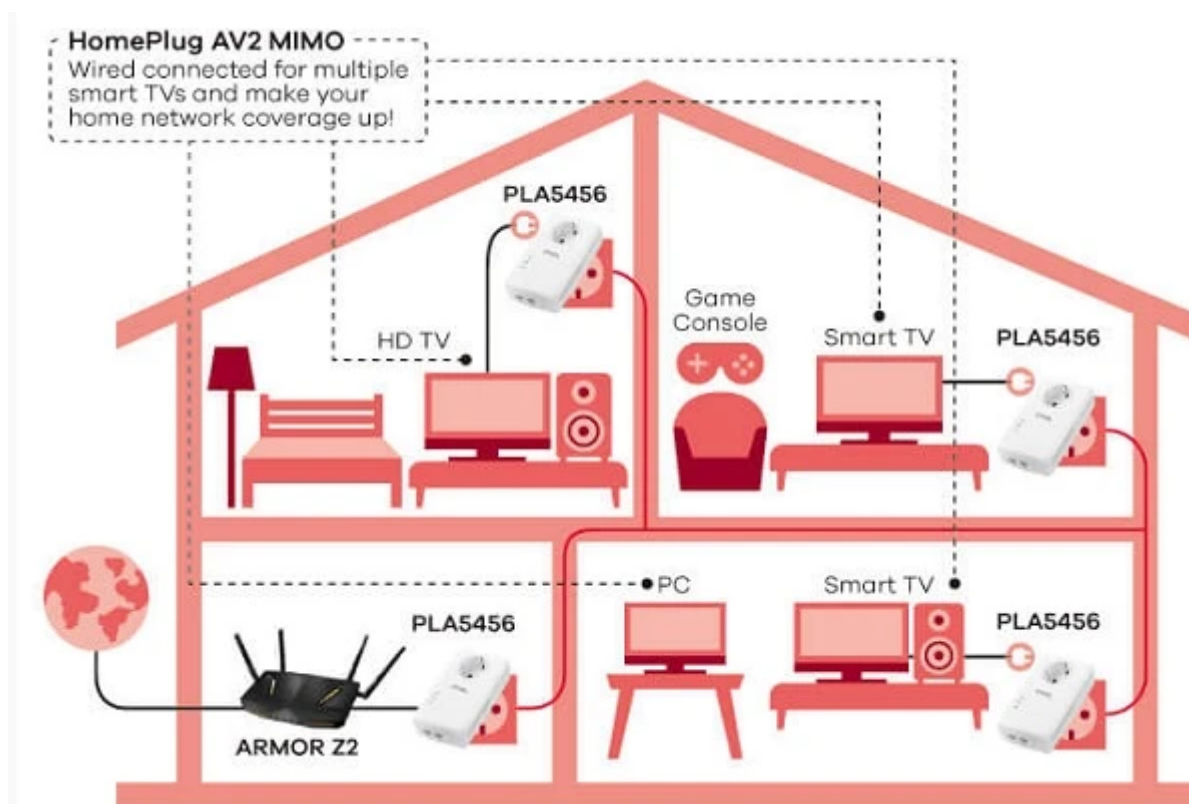

Storage relative humidity (H-H)	10 - 95%
Height	38.6 mm
LED indicators	Yes
Modulation	BPSK
Width	133.5 mm
Depth	71.1 mm
Storage temperature (T-T)	-30 - 70 °C
Cables included	LAN (RJ-45)
Package weight	788 g
Humidity measurement range	10 - 90%
Harmonized System (HS) code	85171800
Ethernet LAN interface type	Gigabit Ethernet
Ethernet LAN (RJ-45) ports	2
IFU / User manual	Yes
Operating temperature (T-T)	0 - 40 °C
Quick installation guide	Yes
Package depth	185 mm
Package height	95 mm
Package width	231 mm
Built-in power socket	Yes
Frequency range	2 MHz
Wi-Fi	No

Ethernet LAN	Yes
AC input frequency	50 Hz
AC input voltage	100 V
Windows operating systems supported	Windows 7 Enterprise
Copper ethernet cabling technology	10BASE-T
Power plug	Type F
Product colour	White
Product weight	230 g

Full product description

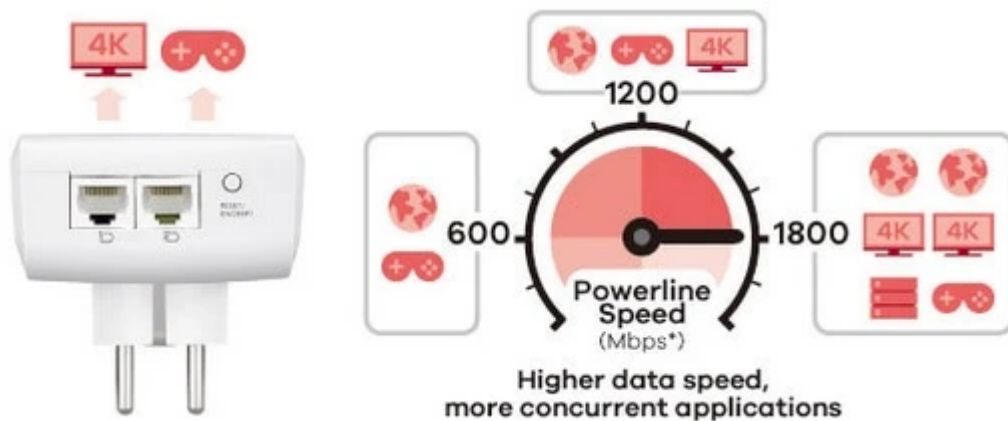

Zyxel PLA5456 - Gigabit Powerline adapter

The **PLA5456** adapter allows you to connect devices that require high data throughput, and thanks to the performance of **HomePlug AV2** to **1800 Mb/s** it provides an effective connection, suitable for video streaming in **4K** quality or online games.

Communication through an electrical socket

Fast data transfer in the **PLA5456** adapter can be easily achieved by connecting one of the adapters to a router or gateway connected to the Internet and the other to devices to be connected with **HomePlug AV2** technology. The adapters have **Gigabit Ethernet** connectors to create a complete cable network.

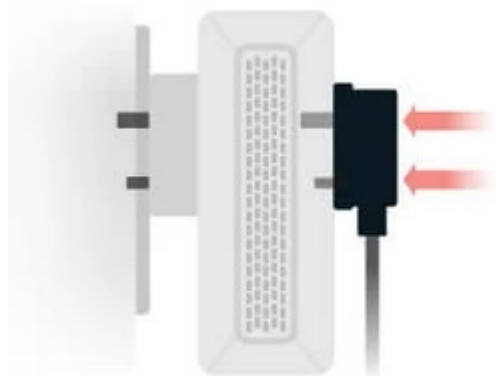

For demanding

Zyxel PLA5456 with **HomePlug AV2** and **MIMO** technologies provides the efficiency of direct connection to the router, while increasing the range of connection over the electrical network, even on two floors. Applications such as radio, movie and video **Netflix 4K** streams will therefore not be a problem.

Easy to set up

The **PLA5456** adapter, along with **Plug-and-Play** technology, is easy to install even for non-advanced users. Just plug the adapters into electrical sockets and then use the sync button on both of them to get a **128-bit AES** encrypted connection.

Convenience

Zyxel PLA5456 has been designed in such a way that it does not block the electrical outlet and allows you to connect another device to yourself. The built-in filter ensures high quality of the network and protects against interference from other electrical devices.

ZyXEL ONE Connect

Thanks to **ZyXEL ONE Connect** it is possible to detect network devices in **ONE Connect** application on mobile devices.
