Full product description

Xiaomi 70mai Dash Cam PRO Plus A500S GPS Car DVR

The **70mai A500S car DVR** features an 8-megapixel main camera and a rearview camera. It records high quality video, with **up to 2.7K image resolution**. Smartphone control is supported. With the built-in **GPS module**, you can track your vehicle's path on the map.

High quality video with smartphone control

The **70mai A500S** shoots high-quality video with its **2.7K (2592 x 1944) resolution** main camera. With an 8MP main sensor, **HDR support**, images are as detailed and rich in natural colors as possible. The device can connect to **your** Android or iOS **smartphone**. Using the mobile app, users can view, upload to gallery or delete videos captured by the recording camera. If a collision is detected in **parking monitoring mode**, a notification will be sent to the car owner's smartphone.

Built-in GPS module

70Mai Dash Cam Pro Plus A500S has a **GPS module** for the most accurate vehicle positioning. The sensor is able to transmit not only the

location but also the speed of the vehicle. With **the built-in 2-inch screen**, you can review the recorded video or make settings for the car DVR.
