Total megapixels	20 MP
Video formats supported	H.264
Compatible memory cards	MicroSD (TransFlash)
Wi-Fi	Yes
Bluetooth	No
Battery technology	Lithium

Video resolutions	3840 pixels
Micro HDMI ports quantity	1
Storage media	Internal memory + Memory card
Image stabilizer type	Electronic Image Stabilization (EIS)
Flip-out screen	Yes
HD type	4K Ultra HD
Product colour	Black
Built-in display	Yes
Position location	No
Product weight	700 g

Full product description

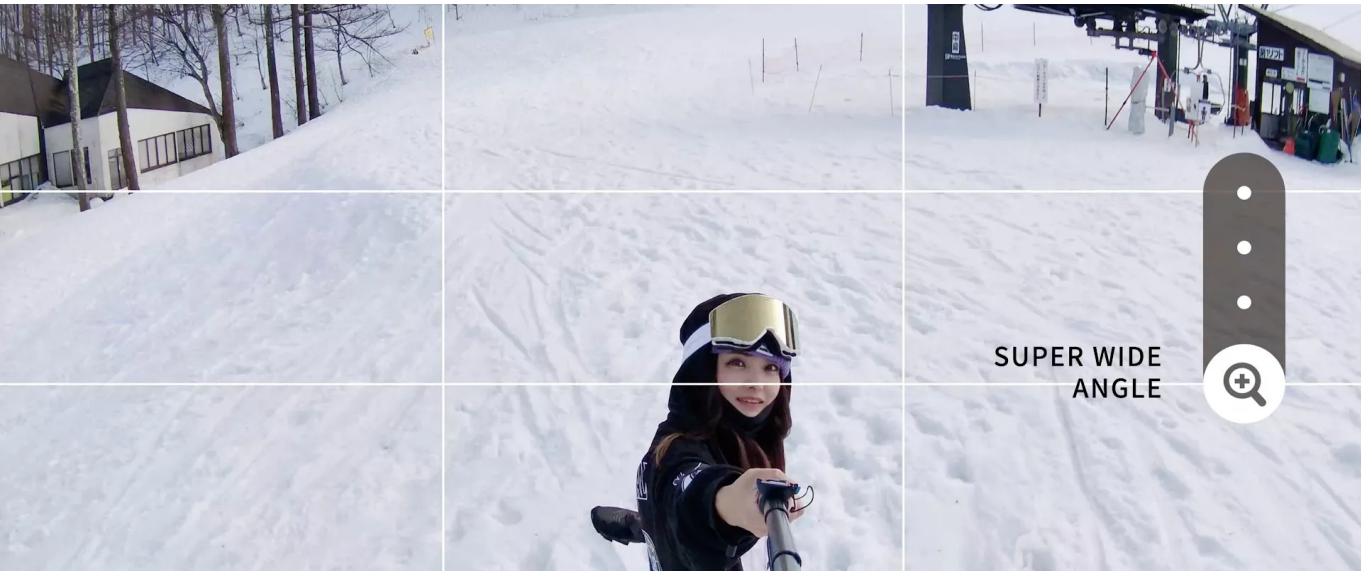

Akaso Brave 7 - A sports camera for every adventure

If you need a sports camera that can stand up to all conditions, the Akaso Brave 7 is the perfect choice. This sports camera offers 4K video recording, so you can capture every moment in exceptional detail. With a waterproof housing and EIS 2.0 technology, the camera provides smooth and clear images even during the most dynamic activities.

Super wide viewing angle

The Akaso Brave 7 sports camera features a **170° wide-angle** lens to capture a wider field of **view**. This makes it ideal for landscape shots and dynamic activities where every scene matters. So you can be sure to capture everything that matters without having to reposition the camera.

Water resistance and durability

The Akaso Brave 7 features **IPX8-rated water resistance**, which means it's ready to be submerged to a depth of 5 meters. The camera's rugged housing protects it from damage, allowing you to record video even while diving. This feature means you can fearlessly record dynamic footage in any conditions, whether you're diving, swimming or planning an extreme adventure.

Convenience and functionality

The Akaso Brave 7 camera is designed with convenience in mind. With the Akaso app, you can control the camera remotely, as well as share photos and videos directly to your devices. Combined with the **6-axis gyroscope** function, the camera offers a number of functional modes, such as timelapse, slow motion, and special dive modes, which greatly improve the quality of the captured footage.
