Full product description

Akaso Brave 8 Lite - A sports camera that will conquer any challenge

Looking for a sports camera that will perform in the most extreme conditions? The Akaso Brave 8 Lite is the perfect choice for adventure lovers who want to capture every moment in the highest quality. This sports camera shoots video in 4K quality, and thanks to its rugged design and water resistance, you can take it with you anywhere - even to a depth of 60 meters.

Unparalleled image quality

The Akaso Brave 8 offers incredible **video recording quality in 4K** for crystal clear images full of detail. The camera can shoot at 20 MP resolution, making your photos as impressive as your recordings. In addition, **the 5x digital zoom** allows you to capture every detail, even from a distance.

Durability in harsh conditions

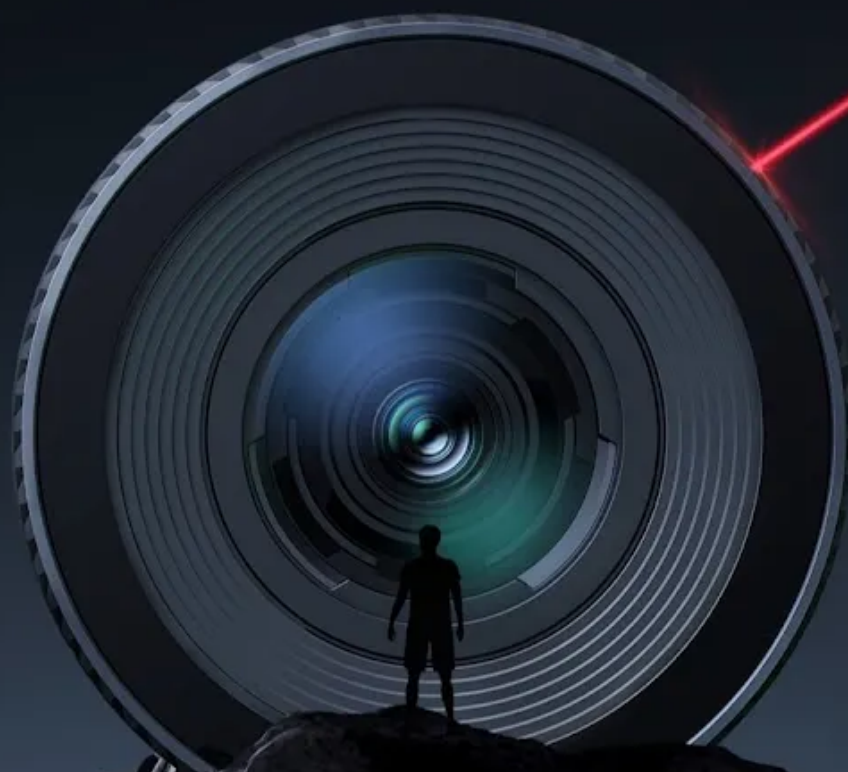

The Akaso Brave 8 sports camera is designed for extreme conditions. It is waterproof to a depth of 10m without an additional case, and **with an additional waterproof case you can submerge it up to 60m**. Thanks to its robust design and advanced technology, the camera performs well in all conditions, ensuring uninterrupted operation.

Ease of use and advanced features

The camera features a 2-inch touchscreen, making it much easier to use. You can easily review your recordings, adjust settings and operate various shooting modes, including **16x slow motion**, which allows you to capture dynamic moments in slow **motion**. The Akaso Brave 8 also supports 9 languages, including Spanish, Japanese and Simplified Chinese, making it an extremely versatile device.
