Full product description

Akaso V50 Elite - The ultimate sports camera

If you're looking for a sports camcorder that combines outstanding video quality with exceptional durability, the Akaso V50 Elite is the perfect choice. This camera offers 4K 60fps video recording, allowing you to capture even the most dynamic moments in full resolution. With advanced image stabilization and a waterproof case, you can fearlessly submerge the camera at depths of up to 40 meters, capturing your adventures with unprecedented precision.

Exceptional image quality

The Akaso V50 Elite sports camera **offers 4K 60fps** recording quality, which means every shot is full of detail and extremely smooth. With various video modes, such as 1080p 120fps and 2.7K 60fps, you can customize the quality and speed of the recording to suit your needs. The V50 Elite **provides excellent image stabilization**, which is key when capturing dynamic scenes

Native 4K/60fps 20MP

Record ultra sharp and clear footage

Versatility of use and durability

The device is designed with versatility in mind, offering **a wide selection of useful modes** such as loop video, motion time-lapse and car mode. With a waterproof case, you can fearlessly submerge the camera to a depth of up to 40 meters(with ETUI), making it perfect for water sports and scuba diving. Akaso V50 Elite is a camera that will not be surprised by any conditions.

Remote control and full control

With the remote control feature, **you can control your camera from your smartphone** using **the Akaso app**. The camera is also equipped with a microphone that records audio in high quality, allowing you to create professional video footage. The kit includes everything you need to start recording, including various mounts and accessories, so you don't have to worry about additional purchases.
