Full product description

Akaso V50 X Cube - record your adventures in 4K quality

The Akaso V50 X Cube sports camera is the perfect choice for adrenaline junkies who need reliable equipment to record their exploits. With its rugged design and impressive recording quality, this product provides an unparalleled experience both on land and underwater.

AKASO

V50X Cube

New design underwater sports camera

Unparalleled image quality in all conditions

The Akaso V50 X Cube sports camera **records in 4K 30 fps quality and takes 20 MP photos**, ensuring clear and detailed shots regardless of the conditions. Thanks to the 6-axis gyroscope, you can record dynamic shots without worrying about their stability - smoothness of the image is ensured even in the most demanding situations. This is a product that will satisfy anyone looking for equipment that provides excellent image quality.

Exceptional durability and water resistance

The Akaso V50 X Cube is a camera built for extreme conditions. With its IPX8-rated waterproof housing (not included), you can fearlessly submerge it to depths of up to 40 meters, making it ideal for diving and water sports. Whether you're climbing peaks or diving into the depths, **this camera won't let you down in any situation.**

Comprehensive features and ease of use

The Akaso V50 X Cube sports camera offers 4x zoom and you can enjoy various recording modes such as timelapse, slow motion and loop recording. All of this is available on the 2.1-inch HD touchscreen, allowing you to quickly and intuitively adjust settings and preview recordings. In addition, built-in WiFi allows you to **easily transfer video and photos directly to your mobile devices.**
