Full product description

Jirous JRME-680-10/1110 GHz directional antenna

Antenna designed to operate at 10.0 - 12.0 GHz. Precision is a guarantee of compliance with ETSI class 3 and ACMA standard - RALI FX3 Grade B. The antenna is equipped with a bracket for easy mounting on a mast. It can be mounted on the left and right side of the tube even before it is attached to the antenna. In areas where strong winds are expected to occur, the antenna should be mounted on a mast with a minimum diameter of 50 mm.
