Full product description

Extralink camera with selfie lens - the perfect gift for little explorers!

Meet the Extralink H135 - an indispensable companion for young explorers who want to explore the world and capture the most beautiful moments! This unique camera was designed specifically with children in mind, providing them with an exciting and easy photographic experience, full of amazing features and capabilities they will love. In addition, our children's camera is equipped with a **rotating lens**, **allowing you to conveniently take selfie photos** - now even the little ones can master this art effortlessly.

Key features of the Extralink H135 camera

Flip lens for selfie

The **Extralink H135** isn't just a camera for kids - it's a little magic tool that opens up a whole new range of possibilities for them. **Thanks to the reversible lens, taking selfies becomes a piece of cake for them.** With one quick twist of the lens, they can go from taking pictures of their surroundings to creating fun photos with friends and family. Using the reversible lens is child's play, giving your child even more ways to capture their favorite moments. Your little ones will be thrilled to express their unique view of the world and share it with their loved ones. Now every adventure becomes an opportunity to create beautiful memories that will accompany them for a lifetime.

Have fun and interact with your photography with frames and filters

The **Extralink H135** is a tool that will allow your child to easily capture moments in the form of photos and videos, and add fun frames and filters to them. Thanks to the **2-inch screen**, images are displayed in a clear and gorgeous way, making it easy for your little one to compose perfect frames. Most importantly, the camera takes 40-megapixel (interpolated) photos, ensuring high image quality.... Now your child can easily dive into the world of photography and discover his artistic talents.

Built-in microphone and MicroSD memory card slot

In addition to photos and videos, the **Extralink H135** has a **built-in microphone** that will allow your child to capture sounds and voices. This kids' camera also has a **microSD card** slot, which means your child can save and store their favorite photos and videos on an additional memory card (card not included).

Built-in immersive games

Extralink H135 is not only a camera, but also a great entertainment for your child. In addition to the ability to take photos and videos, this magical gadget offers as many as **5 interesting games** that can be great fun during leisure time. These games are designed to be not only engaging, but also to promote the development of your child's creativity and imagination. Now your little one can enjoy interactive adventures and engaging challenges that will further enhance their time with Extralink H135. It's the perfect combination of photography, videos and games to bring your child's passion and curiosity to life.

Capacious and durable battery

The Extralink H135, a camera made especially for kids, runs on a **400 mAh battery**, which means your little one can enjoy hours of use without worrying about running out of battery. As a result, during longer family car trips, camping trips or other outdoor adventures, your child can take photos and videos in 1080p Full HD quality (interpolated). Regardless of the length of those special moments, the Extralink H135 is up for the challenge, allowing your child to marvel at the beauty of the world and record it for long periods of time without the need for frequent battery charging.

The perfect camera for beginner photographers and filmmakers

The **Extralink H135 Kids Camera** is the perfect tool for little artists who love taking photos and making videos. This camera has everything young photographers and filmmakers need. Equipped with a **selfie lens**, it allows them to create fun self-portraits. In addition, the camera offers **engaging games, a variety of frames and filters** to make every moment more enjoyable. A **microSD card slot** provides ample space to store numerous photos and videos. And the long-lasting battery allows you to use it for a long time without frequent charging. The Extralink H135 Kids Camera is more than just a camera - it's a magical tool that inspires little explorers to explore the world and capture unforgettable memories.
