Aqara

Manufacturer: AQARA

Referention number: DNXGGLNRJRMNGK

Information:

The Aqara T1M Zigbee 3.0 smart ceiling light combines bright white light, 16 million colours and a striking RGBIC ring with smooth gradients, creating a unique atmosphere in any interior. The high Ra90 colour rendering index ensures natural, realistic colours, while the adjustable 2700-6500 K colour temperature allows you to tailor the light for work, relaxation or play. The lamp stands out for its low energy consumption, long lifespan of up to 11 years, and full integration with Aqara Home and Apple Home. Control is convenient and flexible: by voice, via the app, or with AI gestures using the Aqara G3 camera.

Operating temperature (T-T)	-10 - 40 °C
Bulb type	LED
International Protection (IP) code	IP20
Colour temperature (min)	2700 K
Colour temperature (max)	6500 K
AC input frequency	50 Hz

Power source type	AC
Bulb power	40 W
Light colour type	Multi
Product colour	White
Mounting hardware type	Surfaced
Bulb lifetime	5000 h
Diameter	495 mm

Full product description

Aqara T1M Smart Ceiling Light

Aqara T1M Smart Ceiling Light operating on the **Zigbee 3.0** standard redefines everyday lighting, seamlessly combining high-quality white light and a colourful gradient ring with your lifestyle. Low energy consumption and compatibility with home automation systems make this lamp a future-proof addition to any space, designed with longevity and improving everyday life in mind.

Bright whites and 16 million colours

The Aqara T1M ceiling light is designed to fill your space with a range of bright whites and a spectrum of 16 million colours; it is not only a source of light, but also a central element of your home décor. Whether you are looking for the perfect white for reading or the right colour to set the mood, the Aqara smart ceiling light will meet all your needs with unrivalled versatility.

Dynamic RGBIC ring with gradient effects

Step into a world where lighting goes beyond the ordinary with the RGBIC ring of the Aqara T1M ceiling light. This feature offers stunning gradient effects, smoothly transitioning through colours to create mesmerising visual experiences. Whether it is a gentle sunrise effect to start your day or a lively party mode, the gradient ring adds a touch of magic to every moment.

Exceptional colour rendering with Ra90 rating

With a high Ra90 colour rendering index, the Aqara smart ceiling light reveals the true colours of your surroundings. Experience a world where colours look more vivid and realistic. This exceptional colour fidelity ensures that every shade is displayed with clarity and precision, enhancing the visual experience.

Built to last: 11 years of brilliant lighting

The Aqara smart ceiling light is not only about aesthetic brilliance, but also lasting quality. With an impressive lifespan of 11 years, this lighting solution promises long-term reliability. You can trust its durable performance, making it a sound investment for your smart home.

Low idle power consumption for a greener tomorrow

In today's world, energy efficiency is crucial, and the Aqara smart ceiling light leads the way in this area thanks to its low idle power consumption. This feature not only reduces electricity bills, but also minimises environmental impact.

Colour temperature range from 2700-6500 K

The wide colour temperature range of 2700-6500K allows you to tailor the lighting to any mood or activity. From warm tones for a cosy evening to cool tones for a productive workspace, the Aqara smart ceiling light adapts to every need.

Create the perfect atmosphere: Multiple effects for every occasion

The Aqara smart ceiling light offers multiple effects to create the right atmosphere for every occasion. Whether you are hosting a party, enjoying a film night, or relaxing after a long day, the versatile lighting settings let you create the perfect ambience effortlessly.

Smart home automation with Aqara Home and Apple Home

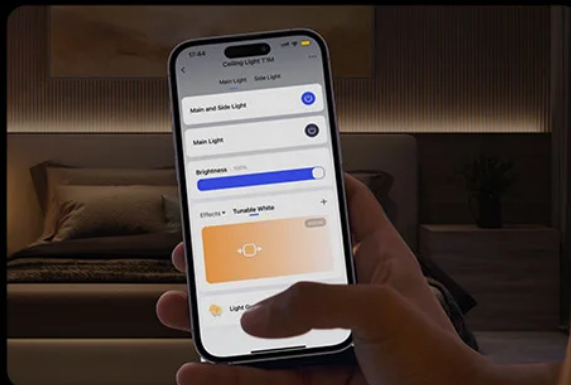

Discover the future of home lighting with the Aqara smart ceiling light's compatibility with Aqara Home and Apple Home systems. Integrate this smart lamp into your home automation setup for a seamless, connected environment. Control your lighting ecosystem with ease and sophistication, and enjoy the convenience of a truly smart home.

Multiple control options: Voice, app and AI gestures with Aqara G3 camera

Control your lighting your way with the Aqara smart ceiling light. Whether you prefer voice commands, app control, or innovative AI gestures using the Aqara G3 camera, this lamp offers multiple control options to suit your lifestyle. Enjoy the freedom and flexibility to control your lighting in the most convenient way for you.
