Full product description

Aqara Roller Shade Driver E1

The **Aqara Roller Shade Driver E1** is a revolutionary new device for automatic shutter control. Make your blinds, shades and anything else that opens with a control chain smart. The device is easy to install and battery powered.

Easy installation

There are holes on the back panel for self-tapping screws. It can also be attached to the wall with adhesive tape. Also included are interchangeable swivel mechanisms for bead sizes from 3mm to 6mm. You can watch an installation video at the bottom of this page.

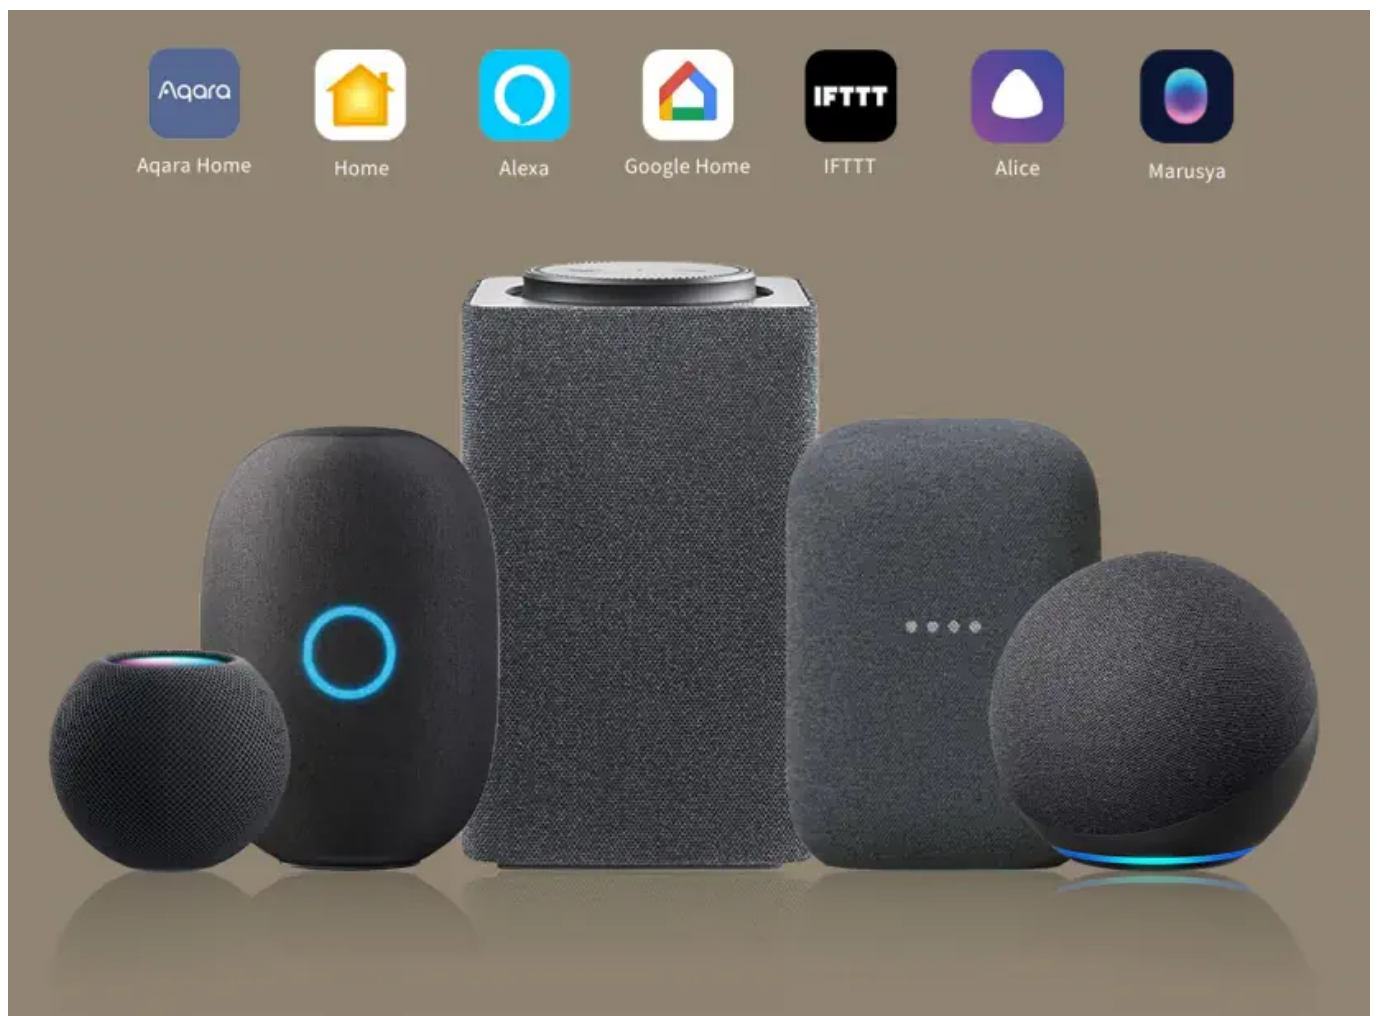

Wireless operation

The **Aqara Roller Shade Driver E1** works wirelessly for up to **2 months of** daily use thanks to its built-in rechargeable battery. However, the **Aqara Roller Shade Driver E1** can also be used with a cord connected at all times. The device is charged using the included USB-C cable.

More control options

The device can be **controlled by smartphone**, voice assistants, through automation and wireless switches. The **Aqara Roller Shade Driver E1** opens and closes roller shades and blinds completely or by a set percentage.
