Aqara

Manufacturer: AQARA

Referention number: DNXXGGHHSKRMLL

Product features

Power source	AC
Height	19.9 mm
Width	42.9 mm
Depth	40 mm
Connectivity technology	Wired & Wireless
Operating frequency	2400 MHz
Works with the Google Assistant	Yes
Package weight	50 g
Humidity measurement range	5 - 95%
Neutral conductor required	Yes
Number of configurable buttons	1
Operating temperature (T-T)	0 - 35 °C
Wireless technology	ZigBee
User guide	Yes
Works with Amazon Alexa	Yes
Intelligent On/Off	Yes
Water-resistant	No
Easy to install	Yes
Maximum indoor range	30 m
Works with Apple Siri	Yes
Sunrise/sunset control	Yes
AC input frequency	50 Hz

AC input voltage	100 V
Product colour	White
Mounting hardware type	Wall
Watch case material	Acrylonitrile butadiene styrene (ABS)
Designation	Indoor
Product weight	30 g

Full product description

Xiaomi Aqara SINGLE Switch MODULE T1 (with neutral)

The relay is designed to automate the control of lighting or electrical devices **up to 2500 watts**.

A feature of a relay connected to the neutral wire is that there is no **minimum load** necessary for its operation. This feature makes this relay an ideal tool for creating **smart outlets**. Simply place the relay in the socket of a regular outlet and plug it in according to the instructions. This will add the ability to **remotely control** connected electrical devices.

The relay can be used in conjunction with a regular switch, adding "**smart switch**" functionality to the switch.
