Full product description

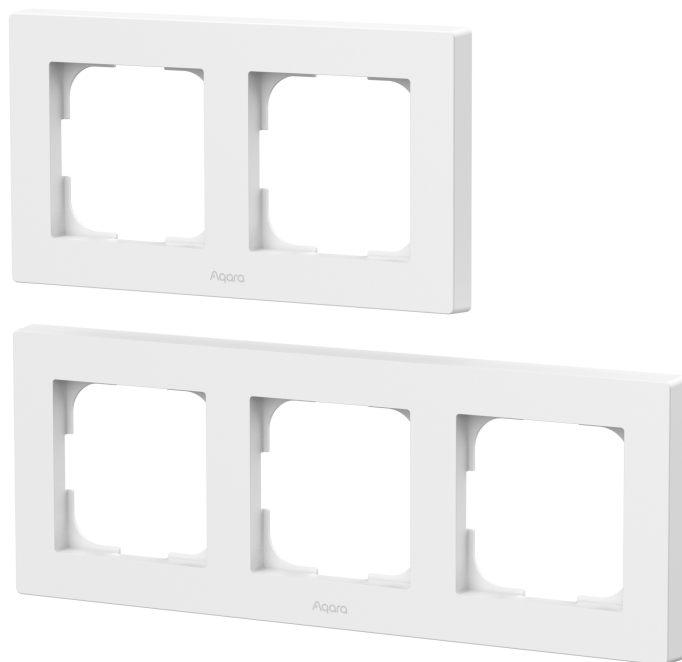

Aqara Switch Frame H2 EU (2-Gang) White - Switch Frame

The **Aqara Switch Frame H2 EU (2-Gang) White** is an Aqara switch mounting component designed in an elegant white color scheme. It is an indispensable part of **your smart home** system, allowing you to install a dual switch in a standard 55mm mounting box.

Easy installation

Installation of the frame in a standard **55 mm** box is fast and convenient. The product is designed to fit a wide range of Aqara switches, allowing flexibility in the selection of devices. Installation is simple, requiring no advanced technical knowledge or complicated tools.

High-quality workmanship and aesthetics

The Aqara Switch Frame H2 EU is made of durable materials, ensuring sturdiness and an aesthetically pleasing appearance. The white color makes it suitable for a variety of interiors, and the minimalist design makes it easy to fit into modern spaces. Thanks to the care in manufacturing, the frame will look great in any room.
