Full product description

Xiaomi Aqara Wireless Remote Switch H1

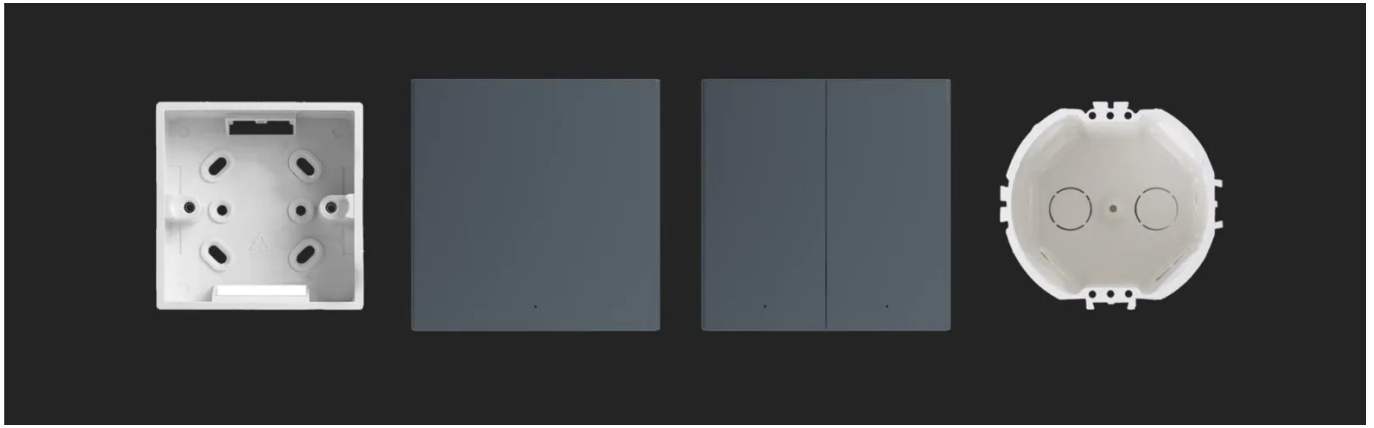

The new **Aqara wireless switch** with "Quick Click" mode. In this mode only 1 click is available, but the activation delay is reduced **to 50 ms**. Thanks to the energy-saving **Zigbee 3.0** protocol, the switch can operate for up to 5 years without battery replacement.

Easy setup and operation

Aqara wireless switches remotely control your lights and appliances. You can easily turn off the lights even after you go to bed. With low **Zigbee 3.0 power consumption** - the wireless switch will last **up to 5 years**! The switch is easy to set up and operate using the **Aqara**

Home mobile app for iOS and Android.

Main features

- Up to 5 years on one battery (CR2450 battery)
- Wireless connection to Aqara smart home centers with Zigbee 3.0 support
- Easy setup in the Aqara Home app for iOS, Android
- No wiring necessary, sticker included
