Full product description

Arcon M3 surge power strip - reliability, protection and convenience in one product

Arcon M3 is an electric surge **power strip** that is ideal for both home and office. Equipped with **3 outlets**, a **5-meter** cable and an advanced protection system, it will take care of the safety of your devices in any situation. Thanks to its robust design and circuit **breaker**, using this power strip is extremely convenient and practical.

Surge protection for your devices

Arcon M3 provides effective protection against power surges and interference in the electrical grid. Thanks to **the built-in protection system**, the strip protects your equipment from sudden voltage spikes that can lead to damage. It's the ideal solution to take care of the safety of devices such as computers, TVs and home appliances.

Features of the model

- Equipped with 3 sockets and on/off switch
- Capable of handling loads up to 2500W
- Overload and short-circuit protection as well as earth connection are provided for safe use
- Maximum current is 10A

The **Arcon** brand, owned by **ARMAC Sp. z o.o.**, is a new product line created by a Polish manufacturer with more than 25 years of experience in the electrical industry. All Arcon products are characterized by high quality, modern design and reliability. Armac Sp. z o.o. is a company with a long tradition that cares about every detail, offering **innovative solutions to its customers.**
