Full product description

Arcon M6 power surge protector - maximum protection and convenience

If you are looking for **a reliable power strip** with advanced surge protection, Arcon M6 is the solution for you. Equipped with **6 power outlets, a 5m cord** and an illuminated switch, it will be perfect for your **home and office**. Thanks to **its sturdy construction and state-of-the-art protections**, you can plug in your devices without worry and enjoy long-lasting performance.

Effective surge protection

The Arcon Multi M6 surge protection power strip is equipped with an advanced **protection system** that effectively protects connected devices from sudden power surges. The built-in **automatic fuse** immediately reacts to overloads, protecting your equipment from damage. It's a reliable solution that ensures **the safety of** your devices in any situation.

Features of the model

- Equipped with 6 sockets and on/off switch
- Maximum current is 10A
- Capable of handling loads up to 2500W
- Overload and short-circuit protection as well as earth connection are provided for safe use
