Full product description

Baofeng BF-T17 PMR Radio: Reliable Communication in Any Situation

Discover **the Baofeng BF-T17 kit**, a professional PMR radio that provides **seamless communication** both at work and during outdoor activities. Whether you need communication on a construction site, ski slope or recreational outing, this radio is **a reliable communication tool** in all conditions.

Ready to Use Set with Two Radios

The complete Baofeng BF-T17 PMR **radio set** includes everything you need to start communicating immediately:

- Two Baofeng BF-T17 PMR radios
- Two 1,800 mAh rechargeable batteries - for long operating time.
- AC adapter
- Micro USB cable - for charging.
- Lanyards - for convenient carrying.
- Original packaging - ideal for storage and transportation.

The radio operates in the popular **PMR446 band**, which guarantees **compatibility with other PMR radios**. With a simple pairing function, **you can quickly and easily configure the connection of all devices to the same channel and code. This is a convenient communication solution** for both families and teams working together.

Robust Design, Intuitive Operation and Key Features

The Baofeng BF-T17 features **a simple and intuitive interface** that is easy to use for anyone, regardless of experience. This functional radio offers a range of useful options, including:

- **16 PMR channels** - for a variety of communication needs.
- **Power saving mode** - to extend battery life.
- **Keypad lock** - to prevent accidental changes to settings.

- **Backlit LCD screen** - for readability in all lighting conditions.
- **Emergency flash** - an additional source of light in emergency situations.
- **Built-in LED flashlight** - for easy orientation in the dark and low-light tasks.

Powerful **1800 mAh battery** provides **up to 18 hours of continuous use**, making it an ideal companion for long days.

Comfort, Style and Reliability at Your Fingertips

With **a range of up to 10 km**, the Baofeng BF-T17 radio is an excellent choice for those who value **free and instant communication** during a variety of activities - from forest hikes, beach trips, mountain escapades and city walks. The **Kenwood 2-pin connector** allows you to connect the included **headphones with a microphone** for convenient **hands-free communication** - ideal for driving or other activities. Designed with **durability and mobility in mind**, you can carry this **compact and lightweight radio** with you at all times, ready for any situation.
