Manufacturer: BEBIRD

Referention number: DNXXGONSJRMNIQ

Information:

Bebird Note5 is a modern 1080p camera otoscope with a 10 MP sensor, enabling precise and safe ear cleaning. Thanks to the thin 3.2 mm head, it easily reaches hard-to-access areas, while intelligent temperature control increases comfort and reduces the risk of irritation. The device connects wirelessly to the Bebird app via Wi-Fi, providing real-time image viewing on a smartphone. The 230 mAh battery allows for up to 60 minutes of operation, and charging takes only 60 minutes, ensuring convenient everyday use.

Full product description

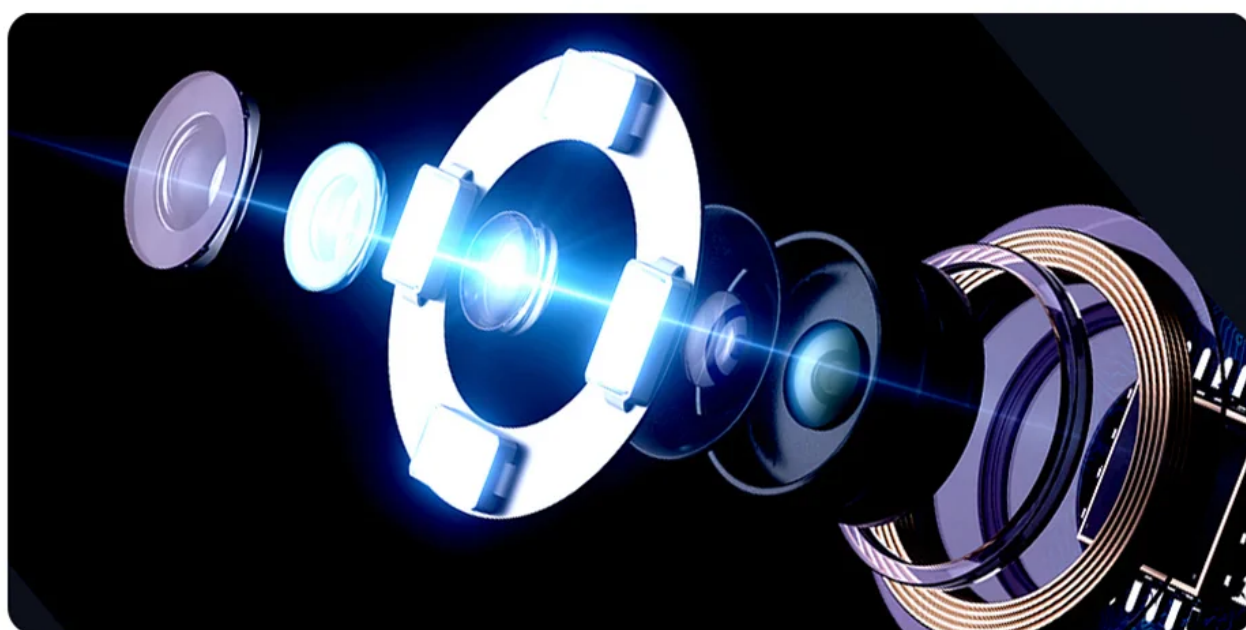

Bebird Note5 Blue: Otoscope with 1080p Ear Cleaning Camera

Bebird Note5 is a device that changes the approach to **ear cleaning**. With a **10 MP camera** and **intelligent temperature control**, you gain full control over ear hygiene in a precise and safe manner. This **otoscope with camera** is sure to simplify daily care and provide a convenience that everyone will appreciate.

Precision Ear Cleaning

With the **Bebird Note5**, you have access to **a high-resolution 10 MP image of the inside of your ear**, which guarantees accuracy and precision when **cleaning your ears**. With a 10 MP camera with a 3.2 mm endoscopic head, you can easily perform a thorough inspection and remove earwax, even in hard-to-reach areas. **Convenient image access** allows you to easily and comfortably operate the device without the need for complicated tools.

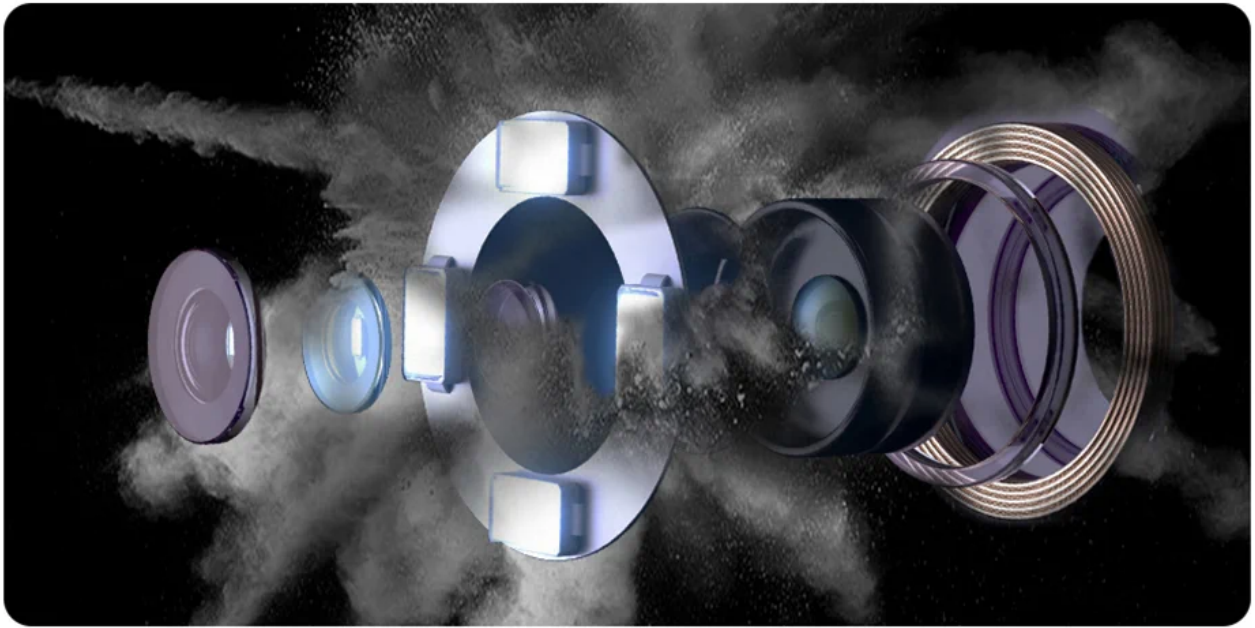

Intelligent Temperature Control

Bebird Note5 is equipped with **intelligent temperature control**, which allows safe use without the risk of overheating. Thanks to the **temperature control** system, **the Bebird Note5 otoscope** maintains an optimal temperature, which increases comfort during prolonged use. This approach to **ear hygiene** ensures comfort and safety without exposing the skin to irritation.

Easy Connection to the Application

With the **Bebird Note5**, you can connect your device wirelessly to **the dedicated Bebird app** for fast and stable video access. The Wi-Fi system allows you to **connect** to the device **stably and quickly**, and **the 10 MP camera** provides clear, real-time images on your smartphone screen. This gives you **convenient access to all parts of the ear** and precise control over the ear cleaning process.

High Performance

The Bebird Note5 has a **230 mAh battery** that provides up to an hour of uninterrupted use. **The charging time** is only **60 minutes**, allowing the device to be quickly ready for the next use. This makes **ear cleaning** convenient and easy, without worrying about frequent charging.
