Information:

Bebird Note5 Pro is a modern otoscope for safe and precise hygiene of the ears, nose and throat. A 10 MP camera with real-time image display on your smartphone, stable Wi-Fi connection and a gyroscope ensure full control and convenient manoeuvring. The waterproof, scratch-resistant lens, LED illumination and temperature control increase comfort and safety of use. The lightweight, compact design is ideal for use at home and while travelling, and the 230 mAh battery offers up to an hour of operation and fast charging.

Full product description

Clean ears, healthy hearing and full control - all in your hands!

Meet the Bebird Note5 Pro, an otoscope that combines **advanced technology with intuitive operation**, revolutionizing the approach to ear hygiene. With **a high-resolution camera, stable Wi-Fi connection and smart features**, the Bebird Note5 Pro provides safe and effective ear cleaning, giving you full control over your ears' health.

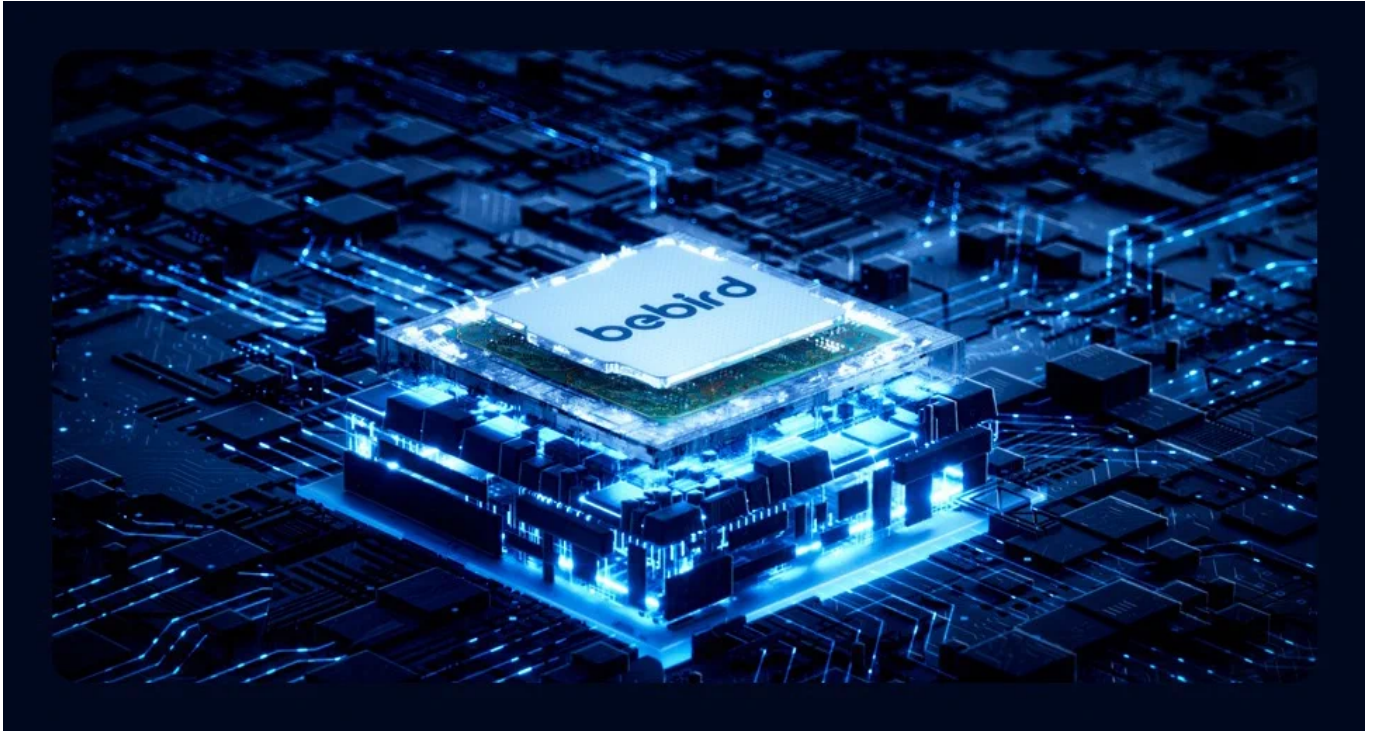

Crystal clear image from inside the ear

Bebird Note5 Pro is a guarantee of exceptional precision. **The 10 MP camera** with CMOS sensor and 20 fps frame rate, transfers images from inside the ear to your smartphone screen with amazing detail. **Nano lenses, which are water, dust and scratch resistant**, ensure image sharpness even in harsh conditions. Now you can see exactly what's going on inside your ears and effectively remove any debris.

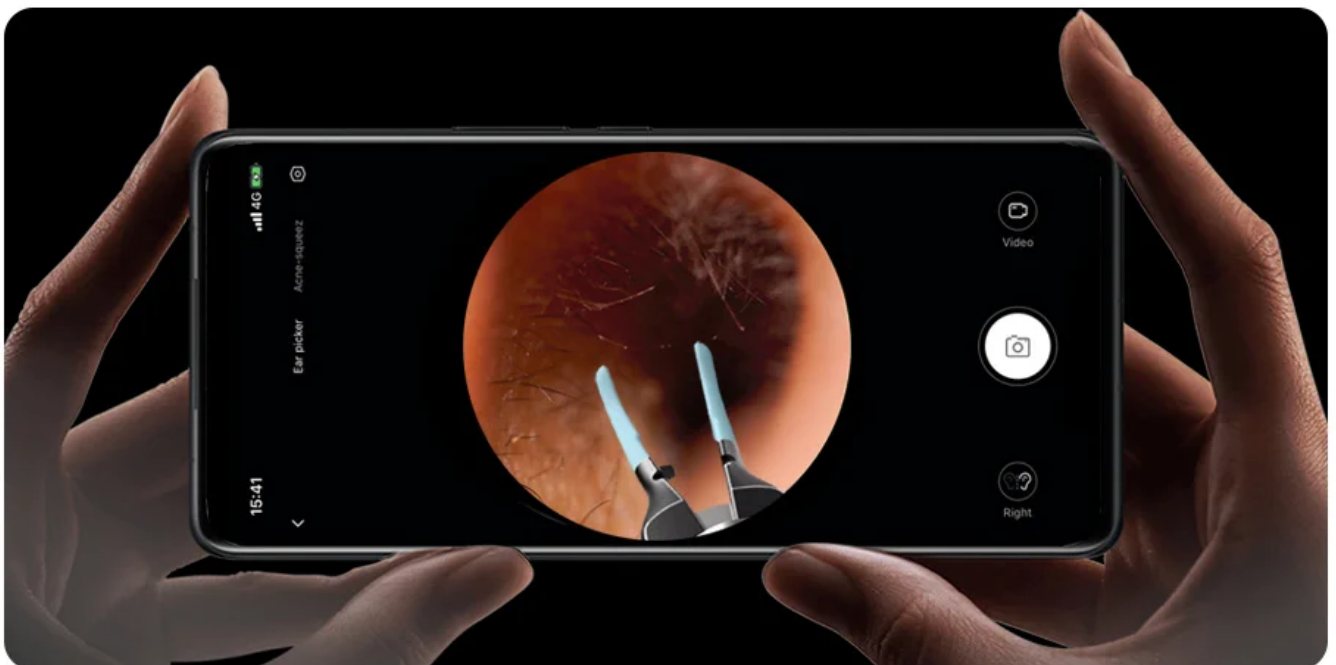

Stable connection and precise maneuvering

The integrated **Wi-Fi microprocessor** enables a stable and fast wireless connection to your smartphone. In the **dedicated Bebird app** (available for iOS and Android), you can analyze the camera view in real time. Image stabilization is provided by a high-performance **gyroscope**, which minimizes hand tremor for precise and safe in-ear maneuvering.

Safety and comfort of use

The Bebird Note5 Pro is designed with your safety and comfort in mind. Intelligent temperature control prevents the device from overheating, and eye-safe **LED backlighting** makes it easy to clean and inspect your ears. **The lightweight and compact design** makes the otoscope ideal for use both at home and on the go.

Long operating time and easy charging

The **230 mAh** battery provides up to an hour of uninterrupted use. **It takes only an hour to fully charge the battery**, so the Bebird Note5 Pro is always ready to use.

Universal application

Bebird Note5 Pro is not only an otoscope for cleaning ears. With interchangeable tips, the device can also be used for nose and throat hygiene. It is a comprehensive solution for the whole family.

Elegant design and high quality workmanship

Bebird Note5 Pro is distinguished by its elegant design and silky texture. High-quality materials guarantee the durability and reliability of the device.
