Price: **9.50 zł** gross / 7.72 zł net

Manufacturer: EXTRALINK

Referention number: DNXFMJNSFRMMOQ

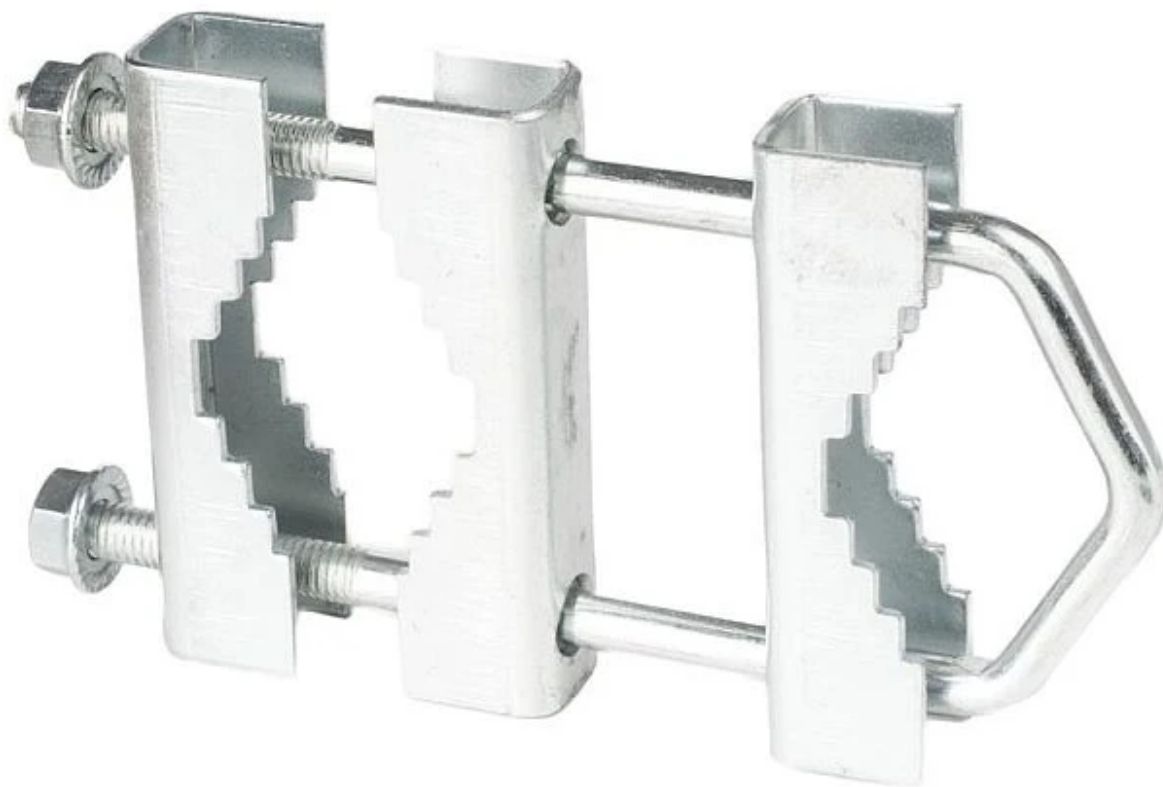

Product features

Maximum load weight	20 kg
Coating	Zinc coating
Material	Stainless steel
Product colour	Steel
Type	Bracket
Designation	General purpose

Full product description

Clamp for connecting antenna masts

A fastener designed to connect two antenna masts in parallel. The clamp is made of galvanized steel, which makes it **resistant to corrosion** and other kinds of damage.

How to connect the antenna masts

To connect two masts use **at least two** clamps, they enable fastening masts with a maximum diameter of **50 mm** each.
