Information:

Black Forest is a two-person hammock measuring 200 × 150 cm, designed for comfortable relaxation for two at home, in the garden, on the terrace or balcony. The grey colour is easy to match with different arrangements, while the decorative fringes and braided finish give it a boho style and a cosy character. Wooden spreader bars help keep the surface wide open, ensuring comfort while reading, talking and relaxing at any time of day.

Full product description

Shared relaxation for two

Black Forest is a grey two-person hammock measuring 200 × 150 cm, offering plenty of space for rest. Its wide surface makes it easy for two people to spend time together while relaxing at home, in the garden or on the terrace.

Grey colour and decorative tassels

The muted grey colour makes the hammock easy to match with different settings. Decorative tassels and the braided finish give it a boho-inspired character and create a cosy space for relaxation.

Relaxation on the terrace and in the garden

The Black Forest hammock can become a place to unwind during warm days spent outdoors. It allows you to read comfortably, chat or quietly admire your surroundings from the terrace, balcony or garden.

Enjoyable rest also in the evening

The hammock's wide surface helps create a comfortable nook for unwinding after a long day. It can also be used in the evening, creating an atmospheric space for relaxation on the terrace or under a covered pergola.

Frame supporting the hammock's spread

Wooden spreader bars help keep the fabric in a wide-open position. The rope system distributes the suspension points along the edges, and the decorative tassels emphasise the look of the whole structure.

An element of a cosy relaxation zone

The grey hammock with tassels suits natural wood, greenery and light garden accessories. It can be used to create a relaxation area on the terrace, in the garden or in a suitably prepared room.
