Information:

The Black Forest garden swing is a comfortable, free-standing relaxation spot for two, ideal for a terrace or garden. It measures 170 × 110 × 153 cm and has a soft upholstered seat with included cushions for comfort while resting, reading or talking. The adjustable canopy helps protect against the sun, while the steel frame ensures stability without the need for installation. The understated beige colour scheme with decorative stripes and a black frame blends easily into green surroundings, creating a pleasant relaxation area from morning coffee to summer evenings.

Full product description

Black Forest garden swing - a place for shared relaxation

The Black Forest garden swing, measuring 170 × 110 × 153 cm, lets you create a comfortable relaxation zone on the patio or in the garden. The spacious seat encourages two people to unwind together, while the calm beige colour scheme suits surroundings full of greenery.

Soft seat and comfortable cushions

The upholstered seat and included cushions help you settle into a comfortable position while reading, chatting or relaxing in the fresh air. The subtle stripes give the whole piece a light, holiday feel.

Adjustable canopy protecting against the sun

The swing is fitted with an adjustable canopy that helps reduce direct exposure to sunlight. The ability to adjust its position makes the swing easier to use at different times of day.

Steel frame for a garden relaxation area

The steel frame provides a stable base for the suspended seat and allows the swing to be placed without additional mounting points. Its freestanding design works well both on an open patio and under a canopy.

Beige colour scheme and decorative stripes

The combination of a black frame with a beige canopy and striped fabric creates a cohesive and visually pleasing composition. The muted colours make it easy to match the swing with garden furniture, plants and patio accessories.

Relaxation from morning coffee to a summer evening

Gentle rocking helps you unwind after an active day and encourages peaceful outdoor relaxation. The swing can become a place for morning coffee, an afternoon read or evening conversations in the garden.
