Full product description

Garden kneeler stool 3-in-1 - practical support in the garden

The 3-in-1 garden kneeler is a multifunctional tool that works well as a stool, kneeler, as well as a practical toolbox. **It makes gardening work easier** by protecting your knees from pain and dirt, and thanks to its foldable design, it can be easily stored and transported. Stable steel frame and comfortable foam make the kneeler comfortable even during long work in the garden.

Multifunctionality - kneeler, stool and utensil in one

You can use it as a kneeler when caring for plants, a stool for resting and as a toolbox for gardening tools. **Built-in two accessory bags** allow you to have the most necessary things at hand, which saves time and makes your work easier. Its versatile use makes **it useful not only in the garden, but also when camping, fishing or DIY.**

Robust and sturdy construction

The kneeler is **made of steel**, which ensures its sturdiness and stability even with a **maximum load of 150 kg**. Its ergonomic shape and reinforced frame make it safe for use. Thanks to its foldable design, **it can be easily stored and carried**, making it a practical solution for any gardener.

Comfortable seat with soft foam

The seat made of soft foam effectively protects the knees from pressure and hard ground. This makes working in the garden more comfortable, even during long weeding or planting. **The non-slip finish increases the safety of use.**

Foldable and easy to store

Thanks to its **foldable design**, the kneeler **can be easily folded and stored** in the garage, shed or car. It is lightweight, so you can take it with you to the allotment, camping or fishing. When folded, **it takes up little space** for convenient transportation.
