Large capacity in a compact cup.

With a capacity of as much as **1,200 ml**, you don't have to reach for a refill every now and then - that's **twice** as **much as in a standard mug**. Such volume makes it ideal for office work, university or in the car during **longer trips**. The built-in straw allows **quick and convenient drinking** - even while driving or walking. It's a solution that **increases comfort and saves you time**.

Tightness and ergonomics in one

The Black Forest mug is designed to be **fully leak-proof** - you can throw it in your bag or backpack without worry. **Nothing will spill**, and you can focus on what's important. In addition, **the ergonomic handle** makes it easy to carry the cup with one hand, which is especially useful on the run or while driving. **The compact shape** fits most car handles, so you can **always** have it close **at hand**.

Modern design that fits you

The minimalist green color and matte finish make the mug look modern and aesthetically pleasing. It is not only a functional thermos, but also a stylish addition to your daily outfit - be it sporty or casual. The design inspired by nature and simplicity will satisfy any fan of good design. By choosing Black Forest, you are betting on a timeless look and versatility.

Funkcjonalność w zasięgu ręki !

Built for the pace of your life

This thermal mug is more than a beverage container - it's a **tool that makes everyday life easier**. It's perfect for a dynamic lifestyle, when every second matters. Whether you're at the office, traveling or on a mountain trail, **Black Forest will always be with you. Durable, practical and reliable** - exactly what you need.
