Full product description

Stylish garden umbrella - perfect protection from the sun

This elegant garden umbrella is the perfect solution to provide yourself and your guests with comfortable shade on warm days. With its help you will create the perfect conditions for relaxing on the terrace, balcony or in the garden. Thanks to its large diameter and unique design, the umbrella effectively protects you from the intense sun, allowing you to relax comfortably outdoors. The simple but modern design fits into any garden, adding elegance and functionality.

**Classic umbrella design,
making it perfectly blend
with both modern and traditional styles.**

Solid construction for longevity

The umbrella is made of high-quality materials that ensure its durability and resistance to changing weather conditions. The sturdy powder-coated steel frame ensures stability, even in the wind, and the umbrella material is resistant to UV fading. As a result, the umbrella will last for many years without losing its quality or appearance.

Ease of use and adjustment

Thanks to the innovative system, the umbrella is extremely easy to unfold and operate. Operation is extremely simple, making the umbrella convenient for everyday use.

Construction durability

The umbrella's stability is ensured by a solid steel frame, covered with durable powder coating. This finish effectively protects the structure from corrosion, guaranteeing long-term use.

Height adjustment

Thanks to the height adjustment system, you can easily adapt the umbrella to your needs, creating ideal conditions for relaxation and sun protection.

140G Polyester

Light, yet strong and durable material, well suited for sun and rain protection.

The perfect choice for a variety of occasions

The umbrella is perfect for the garden, terrace or by the pool. It will be perfect for family gatherings, outdoor parties or relaxing on the balcony. Thanks to its design, it can be used throughout the season, protecting from the sun and providing pleasant shade on hot days. It is an investment that will work well in both private and commercial spaces.
