Price: **6,304.52 zł** gross / 5,125.63 zł net

Referention number: DNXGGKKKERMLNM

Product features

Charging source	AC
Height	420 mm
Output voltage	230 V
USB charging port	Yes
Width	280 mm
Depth	386.5 mm
Battery charge time (AC)	6 h
Backlight display	Yes
USB connector type	USB Type-A
Carrying handle(s)	Yes
Suitable for outdoor use	Yes
Fast charging	Yes
Storage temperature (T-T)	-10 - 45 °C
Shape	Rectangle
Cables included	AC
Compliance certificates	CE
Battery capacity	40000 mAh
Battery capacity	2048 Wh
Battery voltage	51.2 V
Output current (max)	30 A
Humidity measurement range	10 - 90%
USB Type-C output power	100
USB Power Delivery (USB PD)	Yes
Battery charge time (solar)	3.5 h

USB Type-C ports quantity	1
Operating temperature (T-T)	-20 - 40 °C
AC input power	500 W
Power protection features	Overheating
On/off switch	Yes
Cordless recharging	Yes
Cigar lighter adapter included	Yes
Total output power	2200 W
Bluetooth	Yes
Control type	Touch
Apps supported	Yes
USB Type-A output power	18
Number of DC output quantity	4
Number of DC input quantity	1
Number of charging cycles	6000
Battery technology	Lithium Iron Phosphate (LiFePO4)
Cigar lighter output	1
Cigar lighter input	1
Product colour	Grey
USB Power Delivery up to	100 W
AC output power	2200 W
USB Type-A output ports	4
Fast charging technology	Power Delivery
Number of simultaneously connected devices (max)	15
Built-in display	Yes
Sustainability compliance	Yes
Product weight	28100 g

Full product description

Comprehensively upgraded upgradeable power station

BLUETTI's first modular, expandable power station. Equipped with amazing 2048Wh LFP cells and a 2200W pure sine wave inverter, **the AC200MAX** can be your mobile charging center off the grid or on the road.

AC200MAX

- Coffee Maker**
2000W
68~70 Cups
- Electric Grill**
1650W
1 Hrs
- Refrigerator**
150W(1200W)
15~28 Hrs
- Air Conditioner**
(8000btu)
3~7 Hrs
- CPAP**
40W
40+ Hrs
- Light**
10W
50+ Hrs

*Tests are done in Bluetti Lab, actual results may vary.

BLUETTI

Features of Bluetti AC200MAX power station

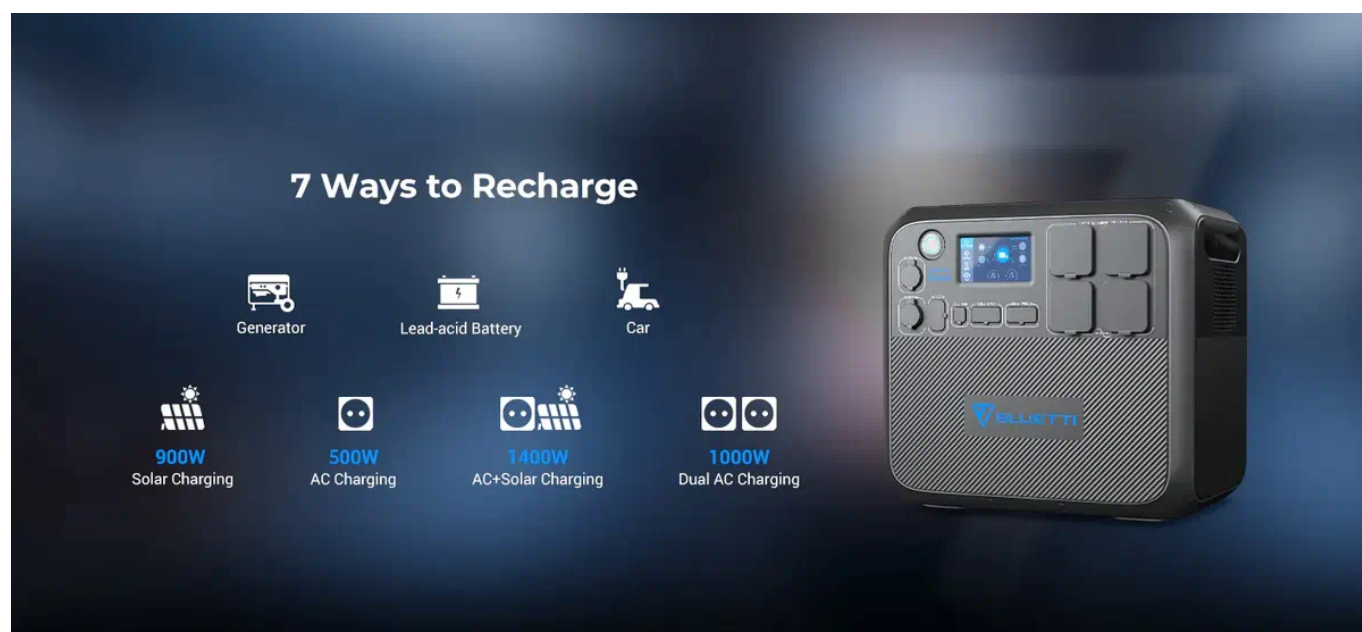

Power and flexibility

Undecided between power and flexibility? With two expansion ports, **the AC200MAX power station can be expanded** with two BLUETTI B230 (2048Wh each) or B300 (3072Wh each) battery modules, which when combined can increase the total capacity **to a staggering 8192Wh!**

Charge as you like

The AC200MAX can accept up to 900W of solar power and 500W through an adapter, so you can even charge it from a wall outlet and solar panels at the same time, increasing the total charging rate to an astounding 1,400W, allowing you to replenish power in less than two hours! What's more, **each BLUETTI battery module has its own input for AC adapters**, giving you an additional 500W of input with each module you add (up to two for the AC200MAX).

Unparalleled versatility of slots and ports

With the AC200MAX's 15 outlets, you can power all of your devices at once without any fuss.
